### Seek crowd at hearing on airport

A large public attendance is being sought for Thursday's major hearing at which this metropolitan area's airport needs will be reviewed.

U. S. Secretary of Transportation William T. Coleman Jr. has scheduled the hearing for 10 a.m. Thursday at the Mayan Ballroom, Bel Air Hilton, Fourth Street and Washington Avenue, St. Louis.

Elected officials favoring approval of land acquisition for a Columbia-Warrior, Ill., airport will speak from 10 a.m. to 11 a.m., and citizens who feel the same way will appear from then until noon.

For expansion of Lambert-St. Louis Airport or development of an alternative Missouri site, elected officials will speak from 2 p.m. to 3 p.m., followed for an hour by citizens with such viewpoints.

## 1975 crimes down sharply in Madison

A significant reduction in the crime level has occurred in the City of Madison so far in 1975, the latest available records show.

A national comparison of crime statistics issued by the Federal Bureau of Investigation in late November showed Madison above national averages in some categories for the calendar year of 1974. The national 1975 report is not expected to be completed until next fall.

Local records for 1974 exactly match those reported nationally. The same types of statistics for 1975 show a sharp reduction in the crime rates, verifying a high degree of safety and high level of enforcement.

For the first 11 months of 1975, for example, there was one murder in Madison, compared to three in all of 1974; one rape, compared to two in 1974; and 15 robberies compared to 27.

Burglaries also are likely to show a year-end decrease. Through November, the tally was 192, compared with 245 in all 12 months of the previous year.

There were 201 theft reports, well below the 287 in 1974. Auto thefts may remain about the same; there were 69 through November 1975 and 62 in all of 1974.

There have been 134 instances so far of assault and battery, compared to 119 in 1974.

Madison Mayor Mike Sasyk commented Friday in response to some residents' concern about the size of the police department.

"There has been no cut in manpower on the streets. We have replaced officers who worked the police desk, replacing them with civilians."

"This is being done to economize all over the country."

Mayor Sasyk estimated that procedures implemented in Madison are saving taxpayers an estimated \$50,000 a year. A key factor in this reduction is reliance on civilians rather than com-

missioned police officers for tasks not requiring the latter. The Madison police department currently consists of 18 persons—five civilians and 13 officers, the latter including the chief of police and the staff of uniformed officers and detectives.

"We have made great strides forward," the mayor commented to the Press-Record.

"We have made great gains in keeping crime under control

## \$50,000 won by retired couple

Mr. and Mrs. Roswell (Hansab) Kleinschmidt, 2117 Cottage Ave., were the winners Thursday evening of \$50,000, the second prize, in the Illinois state lottery drawing at Chicago.

Mrs. Kleinschmidt purchased the ticket at Ervay's Restaurant, 2220 Pontoon Road, and qualified for the bonanza drawing.

Mr. Kleinschmidt, who retired four years ago at Miles Laboratories, said the money "will be added security in our retirement fund," but that he and his wife had not decided definitely what they will do with the money.

The couple has purchased lottery tickets only occasionally, Kleinschmidt said. He said his wife, 65, bought a ticket "once in a while, but didn't get them regularly."

The winning ticket was in her name, he added.

Kleinschmidt, 67, said that he and his wife were unable to go to Chicago for the drawing but their daughter, Mrs. Sue Sekpe of Mount Prospect, near Chicago, represented them.

She called with the news at about 9 p.m. Thursday, Kleinschmidt said, and "he was happy and very excited for

## Nativity scene

The live nativity scene displayed each year on the front lawn of Niedringhaus United Methodist Church to depict the birth of Christ, will be completed and ready for visitation at 7 p.m. Wednesday, according to the Rev. Roy Baugh, pastor.

More than 100 members of the congregation, divided into groups, will appear at 30-minute intervals, dressed in costumes of the period to participate in the program.

Religious music will be played over the bell tower

speakers and every 15 minutes the music will be subdued for scripture readings, Rev. Baugh added.

Featured in the scene will be four live lambs in the stable enclosure to give an authentic atmosphere to the overall setting.

The presentation will be held from 7 to 9 p.m. Wednesday, Thursday and Friday of this week. Area residents are invited to walk or drive by or stop to view the scene, the host minister said.

Other observances planned for the church members will be (Continued on Page 2)

## Large quantity of drugs seized

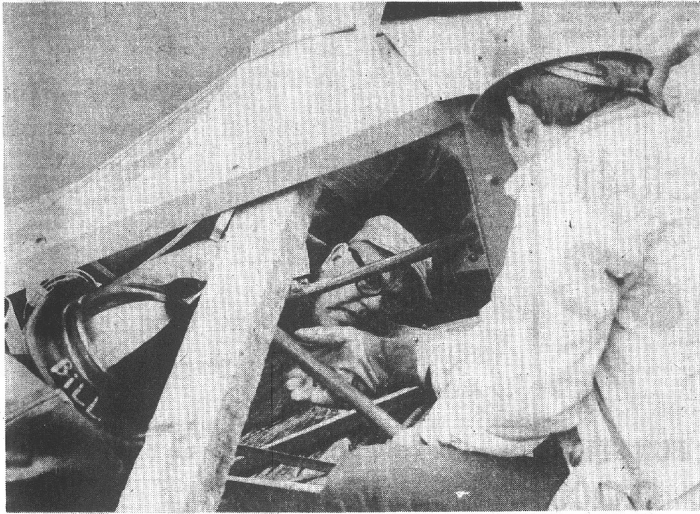

An investigation into the shooting of a Berkeley, Mo., woman Thursday led police to a mobile home on Division Street in Pontoon Beach early Saturday morning where officers found the suspect, plus a large supply of drugs, hypodermic syringes, cigarettes and other items.

Anthony A. Biggs, 26, Berkeley, Mo., who was a guest in the mobile home, is being held in the Madison County Jail at Edwardsville, awaiting extradition to Berkeley on a warrant charging him with assault with intent to kill.

The owner of the mobile home, who was taken into custody with Biggs, is being held pending the filing of charges by Pontoon Beach police and the Madison County State's Attorney's Office.

Berkeley police said at 11:50 p.m. Thursday, a man went to the home of Ava Deming, 19, Berkeley, and asked to speak to Biggs' wife. He entered the home and an argument ensued, during which a gun was displayed, it was reported.

Ava Deming said she ran

## Dispute on hiring

Disagreement over whether Pontoon Beach Village Board members should be allowed to vote on Manpower employees, employed at no direct cost to the village under the Madison County federal manpower grant program, led the board to halt its meeting Friday night and

recess until 6 o'clock tonight to study the issue.

Trustee Don C. Rea accused Village Board President Floyd David Moss of accepting and dismissing Manpower employees without consulting the board.

The countywide Manpower program was created to reduce

unemployment and enhance local governmental services.

Moss said the village must accept the person Manpower selects for the job, and village board action is not necessary, since Manpower employees are not officially employees of the village.

Rea charged that Moss forced Moss' executive secretary to quit, saying he was about to fire her, in order to have Manpower place in the position a young woman who is a neighbor of Moss.

Rea said Pres. Moss has "hand selected" persons he wants Manpower to hire, has sent them to the Manpower office in Edwardsville and has

had those same persons returned to the village to work under the Manpower grant, all without consulting the village board.

He said the young woman Moss is to accept as the new executive secretary told Rea three weeks before the former secretary resigned that she had been hired for the job.

Moss said Manpower selected the young woman to replace the one who resigned and had asked him to accept her starting today.

Rea commented, "If employed by you Monday, she is here illegally. That section of the building (where she would

## New federal court sought

A recommendation that Congress alter the boundaries of the Eastern Illinois federal court district and include Madison County as part of the new district is expected to be made by an Illinois Bar Association committee which is investigating the proposal.

U.S. District Judge James L. Foreman and U.S. District Attorney Henry A. Schwarz, appearing before the committee Friday, said that the fact that St. Clair County and Madison County comprise the largest metropolitan area in Southern Illinois supports the proposal to place both counties in the same district.

Madison County now is in the Southern Illinois district. St. Clair County is in the Eastern Illinois District.

At the same time, Judge Foreman suggested that construction of a new courthouse scheduled in East St. Louis might better serve the district if built in "a much more accessible district, farther east near Belleville."

John R. Mackay of Wheaton, Ill., said during the hearing that alteration of the Eastern district "is inevitable" because present district boundaries are "geographically unreasonable," stretching as far north as Kankakee, only a few miles from Chicago, and as far south as Cairo and the Ohio River.

The judicial study committee was established by the Illinois

## Drugs stolen before order to destroy them

Nearly 150 pounds of marijuana is gone from an evidence storage area of the Madison County Jail at Edwardsville, Madison County Sheriff John Maeras announced Friday afternoon.

Maeras said a quantity of 72 kilograms of marijuana was stolen from two footlockers confiscated by the sheriff's department during two separate raids in 1973. Both had been shipped to Madison County

from out of state, the sheriff commented.

Estimates of the street value range from \$10,000 upward.

The raids were in connection with an investigation into large shipments of the drug into this county.

The two cases in which the footlockers were confiscated have been disposed of by the court and the marijuana was awaiting an order by the court before being destroyed, it was noted.

## 10 shopping days until Christmas

It was first discovered in October that the marijuana was missing but announcement of the theft was withheld during the investigation.

The drugs were stored in a basement room of the jail which is secured by two doors with locks. Sheriff Maeras said an intensive investigation in the theft has failed to disclose how entry to the evidence room was gained.

Maeras said a full in-

## Bias suit against Sunset Hills Club

Sunset Hills Country Club was sued Thursday in Madison County Circuit Court by a member, Dick H. Mudge Jr., Edwardsville, a former Madison County state's attorney, who alleges that Earl Jason has been excluded from membership because he is black.

Jason, assistant vice-president for special programs and minority affairs at Southern Illinois University at Edwardsville, did not participate in filing of the lawsuit. Mudge alleges that Jason was proposed for membership by two SIUE officials who are club members, fulfilling a basic requirement.

Mudge contends in the suit that rejection of the application is "illegal and against the public policy of Illinois." He says that the denial of membership reflects on the integrity of the club and its members. The suit names both members and asks that they approve Jason or that the club be ruled a public nuisance and enjoined from operating. Mudge said he is asking county officials to revoke the club's

liquor license.

Roy Pruitt, membership chairman, declined to comment on the suit and stressed that it is a private club.

Mudge said the rejection took place during the summer and that he has been unable to obtain a reversal.

## Conviction in robbery case after five years

A guilty verdict against Alvin Wayne Moore, 35, Bridgeton, Mo., last week for the armed robbery of the former Maryland Bi-Rite Super Market, 2205 Pontoon Road, May 22, 1970, is an excellent example how closely police agencies in the Quad-City area work together and how thorough they are in their work, one local official commented this week.

Mooney's trial had been delayed numerous times due to unavailability of the witness and he was charged with violating the terms of his bail bonds.

When the trial finally opened one week ago, all the evidence was there as well as all necessary witnesses and officials of the Granite City, Madison, Venice and state police departments and of the Madison County Sheriff's Department.

LI. Col. George Teller of the Granite City Police Department said this morning that the police department was able to find all of its evidence and witnesses, even though the case was five years old. "Our evidence and our case were intact," Teller said.

He added it was necessary to call a policeman from the hospital and to call a retired police official to the stand to testify, but the officers were able to prove their case.

Mooney allegedly was one of

three masked and armed bandits who stole \$4,842 cash from the former grocery who was arrested in a wooded area near Routes 111 and State Aid Route 35 minutes after the robbery.

Ralph "Dewey" Brawley, chief of the Venice police, then assistant chief, was driving with his family near Pontoon Beach when he heard a police radio broadcast giving the description of the robbers' car.

He saw the car pull into a parking lot and saw one man get into a brown auto and drive away. He followed the brown car into Pontoon Beach where village officers joined the chase.

The car crashed into a ditch at Route 111 and State Aid Route 35 and the driver fled into the wooded area. A police dog from Madison found him hiding in the brush, face down in mud.

The trial opened with the selection of a jury Monday and evidence was presented Tuesday and Wednesday. There allegedly was an outburst from Mooney Tuesday which caused Judge Moses Harrison III to order Mooney from the courtroom.

After conferring with Judge Harrison, Mooney said he did not wish to return to the courtroom and the trial continued without him being present. He missed Tuesday afternoon and

## Area deaths up in November

A total of 83 births during November was a slight decrease from the 89 reported during the previous month, but an increase of two over the total of 81 occurring in the same month of the previous year, according to a Quad-City area vital statistics report released by City Clerk Robert Stephens.

A total of 32 deaths during November, was an increase of four over the 28 reported in October, and an increase of five over the 27 occurring in November 1974, the report shows.

There were no fetal deaths in November, down from one in October and compared with none in the same month last year.

The November statistics brought to 891 the total number of births during the 11 months of this year, down from 978 for the same period a year ago, and brought to 389 the total number of deaths, compared to 429 during the 11-month period of last year.

Ten fetal deaths occurred during the 11 months this year, down from 13 for the same period in 1974, the report showed.

Wednesday morning testimony, returning to the courtroom Wednesday afternoon.

The jury deliberated 40 minutes before returning its verdict. He is to be sentenced Jan. 16.

## Changes in theology outlined to Kiwanis

Major changes in theology since the 1960s was the topic of discussion at the Thursday morning meeting of the Breakfast Kiwanis Club at Charlie's restaurant.

The Rev. Keith Stanford, director of missions for the Madison County Baptist Association, was guest speaker. "The 'God in a box' theology was held by many people in the 1960s when people were led to believe that God was under man's control and was very tolerant of whatever man did. This was a time of many pseudo-religions and even the night clubs would close with everyone singing a hymn," Rev. Stanford explained.

A reaction to this, according to Rev. Stanford, was the "God is dead" theology advocated by Harvey Cox of Harvard University.

"Even Time magazine had a cover story on the so called 'Christian atheists,'" Rev. Stanford said.

The speaker noted that there were obvious contradictions to the "God is dead" theology. An outgrowth of this theory was "do your own thing," where what is right is only what a person feels. Youth felt victim

to "do your own thing" out of despair caused by the feeling that no one really cares, and the church became irrelevant to a whole generation, according to the speaker.

"Christianity today is a theology of hope. God is a redeemer and available to help," Rev. Stanford said. "Man is capable of doing both good and evil, and tends to be bent toward evil. God, in the Christian theology through Jesus Christ is a redeemer and even with the doors of evil, God will try to bring them back to good," Rev. Stanford emphasized.

Norman Kinder, president of the club, announced that next week a business meeting will be held. It will be the last meeting until Jan. 8 due to the holidays.

**SET DOGS FREE**  
About 40 dogs were set free by someone who broke into the Granite City Humane Shelter, it was discovered at 5:55 p.m. Thursday. Entry was believed gained by crawling through the dog pens and unlocking the doors. Nothing was known missing, other than the dogs. All but about five of the dogs were recovered by Friday.

## Dale Misukonis dies at 31

Dale Misukonis, 31, of 4011 Kirkpatrick Homes, died at 7:35 a.m. Sunday at Firmin Desloge Hospital, St. Louis, where he was taken from St. Elizabeth Hospital Wednesday after suffering a gunshot wound to his head about 6:50 p.m.

Police and an ambulance were summoned to his home where authorities said they found Mr. Misukonis lying in bed on his back with a .25 caliber automatic pistol in his right hand.

A lifelong resident of Granite City, he had been employed as a repairman for Townsend TV for the past 6 months.

Mr. Misukonis was a member of Musicians Local 350 and belonged to the Eagles Aerie 1051 of Collinsville.

Survivors include his wife, Mrs. Frances Misukonis; four sons, Darryl, Joel, Aaron and Blake Misukonis, and a

daughter, Robin Misukonis, all at home; one brother, Larry Misukonis of Lancaster, Tex.; four sisters, Miss Linda Misukonis of Colorado Springs, Colo., Miss Rosemary Misukonis of Lancaster, Mrs. Thomas (Kathy) Riedelberger of Highland and Mrs. Dave (Beverly) Corbitt of Rockford; his mother, Mrs. June Lopez of Colorado Springs and his father, Alden Misukonis, of Madison.

A member of his family said Mr. Misukonis recently had arranged to contribute his ear drums, heart, kidneys and eyes to Firmin Desloge Hospital, St. Louis.

Funeral arrangements are given in the obituary column.

### FIRE DAMAGES SHED

Trash near a shed at 1016 rear Iowa St., Madison, caught on fire and set the shed on fire at 2:55 p.m. Saturday. The fire destroyed the shed, causing damage estimated at \$200. Madison firemen were on the scene until 5 p.m. Saturday. The cause of the fire is not known.

### RECOVER STOLEN CAR

The auto of Fred Henson, 1706 Cleveland Blvd., reported stolen from his home at 11:35 p.m. Saturday, was recovered by the owner Sunday afternoon in the parking lot of the K-Mart store on Nameski Road.

## knob used in 2 burglaries

Police are investigating similarities in two burglaries reported within 10 minutes of each other Sunday in which entry was gained by twisting the knobs off the front doors to gain entry.

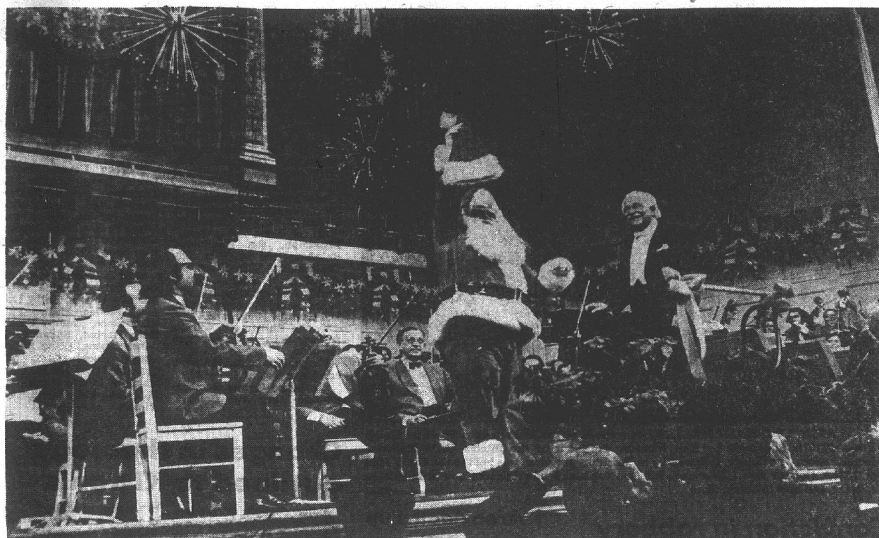

At 7:15 p.m. Sunday, Ann Wielgus, 2209 Grand Ave., reported three steaks were stolen from her refrigerator after the front door knob was twisted off. Two bedrooms and the kitchen were ransacked. Nothing else was known missing.

At 7:25 p.m. Sunday, officers were told the same method had been used to gain entry to the home of Gary Wigger, 2908 Myrtle Ave., and an assortment of items stolen.

Taken from Wigger's home were three lamps, a console television and stereo, frozen food, a coffee-making machine, a diamond ring and turquoise jewelry, canned goods, Christmas presents worth about \$250 and about \$100 to \$150 in change.

### CB EQUIPMENT TAKEN

Radio equipment worth about \$300 was stolen from the home of Roger Matyas, 2127 Fourteenth St., it was reported at 5:10 p.m. Thursday. A screen door was kicked open to gain entry to the room where the equipment was kept. It had been purchased the day before. Taken were a \$185 citizens' band radio, a \$20 meter, a \$40 microphone, a \$15 speaker, a \$30 power supply and a \$30 walkie talkie.

HOLIDAY MUSIC will be among the seasonal programs on Channel 9. Santa Claus comes to the Public Broadcasting System when Arthur Fiedler, the Boston Pops Orchestra and the Tanglewood Festival

Chorus present "Christmas At Pops." The hour of holiday music, featuring a "We Wish You a Merry Christmas" sing-along, will be telecast at 7 p.m. Sunday, Dec. 21, and at 11 p.m. Thursday, Dec. 25, on KETC-TV.

## A Gift for the CHILD

On that first Christmas, so long ago, came strangers bearing gifts for the wondrous Child. And thus began our warm tradition of holiday giving. This year, we are trying to relive the spirit of that first Christmas. We have asked our em-

ployees to imagine the Christ Child has been born this Christmas. We asked them to present a Gift for the Child. A gift, created or bought, that shows the depth of their feeling at the coming of this miracle.

These gifts will be on display beneath our lobby Christmas tree. You will be surprised at the ingenuity, variety and exquisite beauty of their selections. And, just in time for Christmas, these gifts will be distributed among the less fortunate children in the Tri-Cities by the Salvation Army.

And if you would like to submit a gift, we will display it underneath our tree as your token of the true revival of the holiday spirit.

## HOLIDAY MUSIC The new Christmas records

By ROBIN WELLES

Few things provide as many hours of pure enjoyment on Christmas Day as a record.

No matter how old or how young the recipient may be, it's always a thrill to tear off the wrapping and find the latest release by a favorite artist or group sealed inside.

A random check of a few of the larger record companies indicates that the albums scheduled to be released for the holidays should feature something for everyone from Stevie Wonder to Perry Como, from Joan Baez to Syreeta and from Chick Corea to the English Chamber Orchestra.

A & M Records reports it has scheduled new LPs by Peggy Lee, Cat Stevens, Rick Wakeman, the Ozark Mountain Daredevils, Super Tramp, Peter Frampton, Joan Baez, Joe Cocker, Sean Phillips and Quincy Jones for release during the holidays. In addition, A & M is also launching its new jazz label, Horizon, around the same time.

The folks over at Mercury Records are very excited about their scheduled holiday releases and well they should be for they include Johnny Rodriguez, Spirit, Bachman-Turner-Overdrive, 10 c.c., Vassar Clements, Greyhound, the Statler Brothers, Heartfield, Tom T. Hall, The Flock and the Ohio Players.

From the good people at RCA Records come some beautiful Christmas sounds led off by a new John Denver album and followed closely with Yuletide LPs by Joe

Feliciano, Chet Atkins, Henry Mancini, Floyd Cramer, Perry Como, Charlie Pride, Elvis Presley, Arthur Fiedler and the Boston Pops, Mario Lanza and the Robert Shaw Chorale to name a few.

United Artists Records has a Bobby Goldsboro Christmas LP set plus a series of double record soul, jazz and R & B releases on UA's Blue Note label by the likes of Chick Corea, Herbie Nichols, T-Bone Walker, Paul Horn, The Jazz Crusaders, Fats Navarro and others.

Motown Records plans to have a blockbuster package of new albums to entice Christmas shoppers leading off with the great Stevie Wonder, Diana Ross, the Commodores, the Temptations, Jerry Buller, Stephanie Mills, Syreeta, Jermaine Jackson and a best of Michael Jackson LP.

Capitol Records plans to have a series of new and reprise albums for Christmas shoppers. Among their releases are some great seasonal LPs by Nat King Cole, Tennessee Ernie Ford, Frank Sinatra, Glen Campbell and The Lettermen. On Capitol's Angel label are some classical issues such as "The Nutcracker Suite" by Andre Previn and the London Symphony Orchestra, "The Messiah" with Schwartzkopf, Gedda, Hines, Philharmonia Orchestra, "Midnight Mass for Christmas Eve" featuring the Kings College Choir and the English Chamber Orchestra.

Atlantic Records also has big things scheduled for release during the holidays

including new issues by Aretha Franklin, Major Harris, Pretty Things, Steve Hackett, Lenny White, Bette Midler, the Rolling Stones, a live LP by Black Oak Arkansas and a live two-record set by the Spinners. In addition Atlantic is issuing a series of "greatest hits" LPs including ones for Stephen Stills, Lobo, King Crimson, Sonny and Cher, and Crosby, Stills, Nash and Young.

In all, it looks like a very merry and musical Christmas.

### Santa visits steak house

Santa Claus is visiting at Ponderosa Steak House to greet youngsters now through Wednesday, Dec. 24, according to Al Smith, manager. Smith said the restaurant also is offering certificates of credit on meals in an arrangement with Glik's Department Store, as a Christmas special.

### GUITAR, DRUMS TAKEN

An \$80 guitar, a \$75 drum set and a magic game were stolen from the auto of Lawrence Bilbrey, 515 Filmore St., Venice, parked in the 2000 block of Benton Street, Bilbrey reported Thursday.

### FIND STOLEN CAR

The car of David White, 2827 Pershing Blvd., reported stolen from his home at 2:15 a.m. Saturday, was found by Granite City police in the 1900 block of Kirkpatrick Homes at 4:20 a.m. Saturday. The ignition had been tampered with.

## 'Tree of Lights' reaches \$14,800

The Salvation Army's 'Tree of Lights' campaign to provide Christmas dinners and toys to area families in need today stands at \$14,800, says lights burning on the symbolic tree in Civic Park on Niedringhaus Avenue.

Drive chairman E. A. "Drew" Karandjef reminded contributors that only nine days remain before Christmas to send their donations to this year's holiday fund.

Karandjef stressed, however, that funds received before or during the yuletide holidays are used to defray expenses of the Christmas program, plus furnishing aid to impoverished families after the seasonal drive concludes.

To date, a total of 666 applications for aid has been accepted at the Salvation Army Citadel, 1909 Grand Ave., Captain Michael Tompkins, local Salvation Army commander, said this morning.

In a procedure different to that followed in previous years, eligible families and individuals will receive food gift checks which may be redeemed at 140 grocery stores in the immediate area.

The amount of a check is determined by the number of family members and their

us. We were excited, too." His wife said she is "really thrilled" but mainly concerned for her mother, currently hospitalized in St. Louis.

The Kleinschmidts have one son, Earl, of Granite City, and another daughter, Mrs. Katherine Ann Kulekman of Peoria, Ill.

Another lottery prize of \$50,000 was won by a Missouri couple on a ticket purchased locally.

Robert P. Scanlon, Cool Valley, Mo., purchased 10 Illinois State Lottery "instant winner" tickets at Pete & Mary's Tavern, 2409 Lincoln Ave. took them home and discovered his family was \$50,000 richer.

Scanlon, 48, is a member of Asbestos Workers Local 2, St. Louis. He has been working on the Granite City Steel coke ovens.

His wife, Mrs. Shirley Scanlon, says her mother gives her money each week to buy lottery tickets for her grandchildren. She had her husband purchase 10 tickets, one of which was the \$50,000 winner.

He said the money will be divided among his five children, after enough Christmas presents are purchased to make this a merry Christmas in the Scanlon home.

specific needs. Checks could amount to \$6 for a single person to more than \$30 for a large family with 10 members, Capt. Tompkins said.

He noted about 80 per cent of those expected to receive checks expressed approval when informed of the change to food checks instead of baskets. The amount of a check is comparable to the monetary value of food items contained in a basket and the new procedure eliminated the problems involved in masses of people standing in line and the general confusion at pickup stations, as was evident in previous years, the SA officer said.

Distribution of checks also permits a family to select the type of food its members enjoy eating, instead of being handed items they may not eat at all, he explained.

The checks, scheduled to be mailed Tuesday, may be redeemed only by the person whose name appears on its face and at the specific store designated. They may not be cashed elsewhere, Capt. Tompkins emphasized.

Visits will be made by Salvation Army volunteers and administrative officers to nine nursing homes and Scott Air Force Base Hospital, Belleville, Tuesday and Saturday.

The Salvation Army also will sponsor its traditional Christmas dinner for senior citizens Thursday at Niedringhaus United Methodist Church.

More than 450 children attended the benefit matinee Saturday at the Washington Theatre, ending bringing of canned food item for the Salvation Army as the admission fee.

VanBiller, theater manager, and his staff were "most helpful" in arranging the benefit show.

Rainfall, drop in temperature ends mild spell

A period of mild weather in which temperatures reached a record 70 degrees Sunday came to an end following rainfall of .42 of an inch in the Quad-Cities within several hours late yesterday.

The rain brought to 53 of an inch the total precipitation during the first 15 days of December. Rainfall of .04 of an inch was recorded Dec. 6 at the Chain of Rocks locks, and .07 of an inch was recorded Dec. 9.

Rain and the possibility of sleet and snow was expected to end today with temperatures dropping to about 15 degrees by 10 p.m. tonight, according to the U.S. Weather Service.

## Letter from Washington

by Senator Charles H. Percy

Americans in the last few years have been the victims of a steady onslaught of energy shortages. Our ever-growing demand for energy producing natural resources continually threatens to outpace our supplies of oil, natural gas and electricity.

As summer passes and fears of electrical power shortages subside we are already confronted with the next season's energy crisis: There will not be enough natural gas this winter to meet demands in several parts of the country.

The Federal Power Commission (FPC) has revealed that since 1967 U.S. crude gas reserves have fallen by almost 25% though gas production has increased by 4.1 trillion cubic feet annually. Energy experts agree that America is rich in still untapped natural gas reserves. But the FPC has frozen current interstate market prices at 52 cents per 1000 cubic feet—a price which gives producers little incentive to undertake the additional costs of exploring and developing these reserves.

Intrastate gas sales, on the other hand, are not regulated. In natural gas producing states, such as Texas, Louisiana and Oklahoma, gas sells for \$1 to \$2 per 1000 cubic feet. Under this free market system intrastate gas supplies have grown, while regulated interstate reserves have been depleted. Producers will not develop offshore reserves that can only be sold on the interstate market.

Gas consuming industrialized states will be the hardest hit by this year's natural gas shortages. The FPC predicts that, in several mid-Atlantic states, there will be 30 per cent greater this winter as compared to last year.

Illinois, though a major gas consuming state, is not ex-

pected to be seriously affected by the shortages. The Illinois Commerce Commission (ICC) anticipates that only one of the 19 gas distributing companies which operate in the state may have to default on all its customers' orders.

The Federal Power Commission meanwhile has freed certain industries to buy natural gas at unregulated prices directly from producers and to ship it through interstate pipelines. The measure is aimed at cutting this winter's projected gas shortages by one-third.

The FPC reasons that this step will give producers increased revenues which will in turn stimulate further exploration and development of untapped gas reserves.

This partial relaxation of controls is only a stopgap measure and will not protect the public from repeated shortages in the years ahead. Interstate regulations of natural gas sales must be removed. Deregulation over a period of several years would protect the economy from the inflationary negative impact of sudden skyrocketing prices while encouraging producers to explore and develop potential sources of natural gas.

Additional supply is the best way, over a period of time, to put downward pressure on prices. Simultaneously, steps could be taken to ensure the availability of gas supplies for agricultural requirements during current shortages.

Without eventual deregulation natural gas shortages will continue to create annual winter crises with threatened plant shutdowns and industrial layoffs. We have reached a point where natural gas price regulations can no longer be justified as serving the public's best interests.

## Two injured

Two persons were injured when the cars of Allan Wells, 23, Troy, and Robert E. Mathenia, 43, of 2320 Parkway Drive, collided at 27th Street and Madison Avenue at 5:25 p.m. Sunday.

Mathenia, who was charged with driving on an expired driver's license, was taken by ambulance to St. Elizabeth Hospital where he was examined for dizziness. He declined to be admitted.

Wells later took his wife, Mrs. Theresa Wells, 21, to St. Elizabeth Hospital for examination due to abdominal cramping. She is pregnant. She was transferred after her request to St. Joseph's Hospital, Highland.

## Three boys face charges

Three juvenile boys were arrested in a stolen car at 2:35 p.m. Friday in the 2800 block of Denver Street and were charged here with disorderly conduct.

Since the auto was stolen from Alton, authorities there are to file auto theft charges against the three.

Police had been searching for three youths matching their description since 1:40 p.m., when the witnesses reported seeing one of the three attempting to steal cars in the downtown Granite City area.

The witnesses said the three were seen in an auto behind a downtown tavern and one of the boys got into another car, and tampered with the ignition.

Unable to start the car, the boy got out and got into another auto, again tampering with the ignition. Lawrence Pister, the driver, said a money bag containing \$40 and a \$5 portable radio were stolen from the glove compartment and a \$12 pocket watch was stolen from the sun visor.

Charges against the three are to be considered in juvenile court.

## Nameoki collection office involves no costs for township

Carl Macios, tax collector for Nameoki Township, said Friday he operates his tax collection office in his home at 78 Cambridge Drive, without charging the township rent, utilities or other costs.

Macios said an implication was made at a recent Nameoki Town Board meeting that he was being paid rent for the office in his home. "I have saved the township a lot of money by not renting an office, but by operating the office in my home and paying for my own heat and lights," Macios explained.

He said the township does pay for a business telephone at the office, which comes out of the budget for the tax collector. Although the township has offered Macios office space in

the town hall at 4250 Highway 162, Macios has declined to move his office.

"People tell me they like my office in my home because there is someone here at all times," Macios responded.

"There has never been one person running the village and, if anyone thinks that, I think less of him, because his role is to help govern. I resent your attitude."

Rea continued, "You have confused Manpower with a patronage system and I didn't think it was supposed to be."

Moss replied, "I try to hire from Pontoon Beach. There used to be two Manpower employees from outside Pontoon Beach. Now there is one. All future ones will be from Pontoon Beach."

Rea continued, "I am concerned with the unemployed in Pontoon Beach only—not Madison, not Granite City and not Edwardsville. Is that so wrong?" Moss asked.

Rea requested that the village's attorney, Paul Guzzardo, prepare a legal opinion on whether the acceptance of Manpower employees should require action by the village board.

"I don't think a legal opinion is necessary, but you can have your legal opinion," Moss said.

He then agreed to allow the board to vote on the young woman proposed as his new executive secretary, saying, "Do I hear a motion to hire, or accept, or whatever, this young woman?"

After a few seconds of silence, Trustee Duane Skinner made a motion to table the issue for lack of an employment form the trustees could study.

Rea seconded the motion to table the action and Moss then recessed the meeting until tonight, saying, "If it is necessary, an application will be here."

be working) is not open to the public. You are the one who should pay her, not Manpower."

"You do not have the right to run Pontoon Beach," Rea asserted, adding, "This village board runs this village, not one man. If someone works for this village, we are all responsible for his actions."

Rea continued, "You have confused Manpower with a patronage system and I didn't think it was supposed to be."

Moss replied, "I try to hire from Pontoon Beach. There used to be two Manpower employees from outside Pontoon Beach. Now there is one. All future ones will be from Pontoon Beach."

## Transit director named

Jerry L. Eddy, director of the transportation authority at Wilkes-Barre, Pa., has been named director of transit for the Bi-State Development Agency.

The appointment becomes effective Jan. 12. Eddy succeeds James Lloyd who has served as acting director since last July when a reorganization of the transit system by the Bi-State board eliminated the post of general manager.

Duties of management were distributed among other agency officers with responsibility for transit operations given to the transit director.

Eddy will have the responsibility for general planning and operation of the Bi-State Transit System, including scheduling and maintenance of the systems' 878 buses. His salary will be \$31,000 per year.

Reorganization followed the departure of James E. Terry after the board of com-

missioners decided to buy up the remainder of this three-year contract, which then had about two years to run.

Eddy, 36, is a native of Wilkes-Barre, Pa., has been director of the Luzerne County Transportation Authority since it was established in 1972, and for 13 years was with Transport of New Jersey, a privately owned bus system.

THIEF FROM STATION About \$400 to \$500 in cash was among contents a money bag stolen from Radman's Standard service station 198 Madison Ave., Madison, it was reported at 11:40 p.m. Saturday.

An employee said two men had a tire fixed on their car and one went near the cash register to get cigarettes. Later the money bag was found to be missing. Their car had Missouri license plates. The bag also contained credit card receipts and several checks.

MR. AND MRS. CLARENCE NELSON, whose wedding took place at Glenview Chapel Assembly of God Church. Formerly Miss Linda Jean King, the bride, is a daughter of Mrs. Lucille King of Bend, Ill. Before her marriage, she resided with her grandparents, Mr. and Mrs. John Whitehead, 2235 Dewey Ave.

## Glenview Chapel scene of Nelson-King wedding

An arch festooned with pumpkin and yellow, colored blossoms and greenery and fireside baskets filled with flowers in autumn hues provided the setting for the candlelight wedding ceremony of Miss Linda Jean King and Clarence Loyd Nelson on Oct. 18 at the Glenview Chapel Assembly of God Church.

The Rev. M. W. Wilson performed the double ring service at 6:30 p.m. Organist Dick Glore accompanied Mrs. Leetta Lipka, who sang "One Hand, One Heart," "Colour My World," "We've Only Just Begun" and "The Lord's Prayer." The bride, who has resided with her grandparents, Mr. and Mrs. John Whitehead, 2235 Dewey Ave., is a daughter of Mrs. Lucille Moore of Bend, Ill., formerly of Granite City. Parents of the groom are Mrs. Arline M. Nelson of Jonesburg, Mo., and the late Benjamin Nelson.

Escorted down the white carpeted aisle by her grandfather, the bride chose a long white nylon gown fashioned with a Venise lace bordered yoke, long sleeves and high neckline. Lace motifs accented the semi-full skirt and edged the hem and chapel train.

A beaded headpiece secured her bouffant veil and she held a colonial bouquet of white carnations and rust colored baby's breath, tied with white streamers.

Matron of honor Mrs. Lois Dugan, a sister of the bride, and bridesmaids Mrs. Pamela Parker, Mrs. Lynne Prater and Mrs. Pamela Tiefenbrunn selected identical gowns in rust colored Jersey.

Their empire styled dresses were made with V-necklines, a ruffled hip effect on the bodices and a wattleau back, edged with matching ruffles.

Each wore a matching picture hat and held a basket of pumpkin, yellow mums and rust baby's breath tied with yellow streamers.

The flower girl, Vicki Lynn Dugan, a niece of the bride, was dressed in an orange frock with short puff sleeves and a high waistline, complemented with a matching ribbon in her hair. She also carried a basket of flowers.

Kevin Holloran, the bride's nephew, served as the ringbearer. The groom chose his brother, James B. Nelson, as best man. Groomsman and ushers included John Woods, James Segasture, Robert Fuller, Richard King, a brother of the bride, Malcolm O'Neill, Ronald Perry, William Chase and Philip Wilhauk.

A reception was held at the Nameoki Recreation Center, with Mrs. Jim Piesbergen attending the guest book. Linda Jane Nelson, a niece of the groom, distributed rice packets. The newlyweds are now residing in St. Louis County following a wedding trip to Colorado.

A graduate of South High School, the bride attended Belleville Area College and was employed at Boatmen's Bank in St. Louis.

The groom is a graduate of Westminster College, Fulton, Mo., where he received a B.A. degree in business administration. He now works at Boatmen's Bank.

BURGLARY ON BRADEN Entry to the home of Norman Sanders, 4037 Braden Ave., was gained by tearing the front door from its hinges and the house was burglarized. It was reported at 1:45 p.m. Wednesday. Taken were a \$35 electric train set, two dolls, a \$7 dish set and \$30 in assorted meats.

## Constance A. Lynch and James E. Kueker are wed

Miss Constance Anne Lynch, a daughter of Mr. and Mrs. Ronald A. Lynch, 885 Mildred Ave., Cahokia, and James Edward Kueker, son of Mr. and Mrs. Arnold C. Kueker, 2106 Mainly Ave., exchanged wedding vows on Oct. 25 at the Cahokia United Methodist Church.

Nuptial selections were played by organist James Threlkeld. Officiating at the 6:30 p.m. double ring ceremony was the Rev. Paul R. Vise before an altar decorated with bouquet of white carnations.

For her wedding, the former Miss Lynch selected a white organza gown designed in an empire silhouette and featuring a bodice of Chantilly lace, edged with pearls and iridescent sequins, and a high neckline. The long lace sleeves were tightly cuffed at the wrists. Jeweled lace motifs accented the straight skirt and bordered the hemline and detachable Watteau train.

She wore a camelot headpiece of lace to hold in place a fingertip veil, edged with sequins. Her bouquet was an arrangement of white carnations, baby's breath and greenery.

Honor attendant Mrs. Gloria

Jean Damo, chose a long apricot chiffon dress created with an empire waist. The V-neckline was edged with triple ruffles extended to form flared cap sleeves.

Bridesmaids Mrs. Linda Marie Belvin and Miss Rhonda Ann Lynch, both sisters of the bride, and Miss Mary Ann Vincent were attired in identically designed dresses in orchid, blue and pink hues.

The attendants carried carnation bouquets in colors to match their gowns.

William Damo attended the groom as best man. Bennie R. Belvin and Raymond A. Lynch, the bride's brother-in-law and brother, David G. Lynch and Steven E. Bristol completed the corps of groomsmen and ushers.

Guests were received by the newly married couple at a reception held at the American Legion Hall in Duplo. The rehearsal dinner was hosted by the groom's parents at The Brass Rail.

Mrs. Lynch, mother of the bride, wore a floor-length green polyester gown and the groom's mother, Mrs. Kueker, appeared in a long blue dress with a matching lace jacket. Both wore silver accessories and orchid corsages.

The bride graduated from Cahokia High School and the groom is a Granite City South High School graduate. Both are employed at Busman Manufacturing Division of McGraw Edison Co., St. Louis. They are residing in Granite City.

## 500 attend Venice show

An audience of approximately 500 persons filled the Venice School Gym last week to witness the Holiday-Highlight Talent and Fashion Revue sponsored by Title VII staff members, according to Mary Shaw, chairman. Other members of the committee were Mary Donna Scaturro, Dorothy Smith and Kathy Fields.

Stores providing fashions were Marilyn's House of Fashions, Tops "N" Bottoms, Glik's Department Store, Stephanie's, Leader Department Store and Schermer's Men Shop. Christmas trees which added a festive touch to the affair were provided by

Schermer's Garden Shop in Madison.

Two hanging baskets of assorted plants were won by Mrs. Alberta Williams and Mrs. Sophia Dillon.

The commentator was Mrs. Rogers Mefford of the Title VII staff.

Organ music played by Peggy Pier, a Venice High School senior, added special effects to the show. The organ was provided by Donald Mancell, Venice band instructor.

**DECEMBER BRIDE.** Mrs. Thomas David Bull, the former Miss Beverly Dianne Edwards, who was married Saturday evening at Central Christian Church. She is a daughter of Mr. and Mrs. Stanley C. Edwards, 2616 Center St.

## Yule dinner for GCS Women's Club

The Buecker children, Karen, Johnny, Richard and Diane, playing different instruments and directed by Alan Bogovich, presented a musical program last week at the Christmas party of the Granite City Steel Women's Association.

Holiday decorations prevailed throughout the room and in the table appointments for the steak dinner, served in the general office building.

Serving as chairman was Mrs. Virginia Buecker and committee members included Dorothy Rushing, Diana Fox and Nancy Cook.

After dinner Santa arrived to distribute gifts, followed by several games. Those excelling and winning prizes were Mrs. Buecker, Ruth Hancock, Ethel Davis, Louise Koester and Ruth Huxel.

## Bull-Edwards wedding at Central Christian

Bouquets of pink and white blossoms intermingled with multi-colored flowers decorated the altar and branched candelabra held burning pink tapers to provide the setting Saturday evening at Central Christian Church, 2000 Johnson Road, for the wedding of Miss Beverly Dianne Edwards and Thomas David Bull.

The Rev. Dennis V. Rutledge performed the double ring ceremony at 7 o'clock in the evening. Mrs. Joseph Owens presided at the organ and accompanied Mrs. Lois Blibrey, who sang The Lord's Prayer and "One Hand, One Heart."

Organ music played during the ceremony was the groom's personally written interpretation of Beethoven's 5th Symphony in C minor, Fourth Movement.

Parents of the bride are Mr. and Mrs. Stanley C. Edwards, 2616 Center St. The groom is a son of Mrs. Harriet Bull, 2414 E. 24th St., and the late John R. Bull.

Escorted to the altar by her father, the bride wore a long white crepe satin gown in empire style, fashioned with a high neckline and molded bodice, lavishly accented with pearl-etched Venice lace motifs. The decorative lace trim enhanced the shepherdess sleeves and was repeated on the long skirt and train.

Her mantilla veil, also edged in lace, was secured to a lace headpiece. She carried a colonial bouquet of pink roses and white baby's breath, festooned with pink satin streamers.

Honor attendant Mrs. Janice Valle, a sister of the bride, and bridesmaids Miss Jerry Hawkins, cousin of the bride, Miss Marianne Morrison, Mrs. Kathy Frazier and Miss Robin Misukonis, the groom's niece, chose identical pink polyester halter dresses.

Their gowns were worn with long sleeved and hooded jackets, trimmed around the hoods with delicate marabou feathers.

The matron of honor carried a colonial bouquet of pink roses and white baby's breath, encircled with a white marabou trim. Similar floral arrangements set in a garland.

of pink marabou was carried by the bridesmaids. Julie Bull of Vicksburg, Miss., a niece of the groom, served as a miniature bride and wore a frock, identical to the bridal gown.

She wore a lace passementerie cap trimmed with light pink bows and streamers and held a bouquet of pink roses. Eric C. Edwards, a nephew of the bride, was the ringbearer. The groom chose his brother, John R. Bull of Vicksburg, as best man. Theodore Frazier, Dan Cook, John C. Hoy of Warren, Mo., an uncle of the bride, Paul Moore Jr., the groom's brother-in-law and Larry Schiffgens of Indianapolis, Ind., the bride's cousin, completed the corps of groomsmen and ushers.

Guests were received by the newly married Mr. and Mrs. Bull at a reception held at the VFW Hall in Granite City. Miss Debra Hawkins attended the guest book.

A dinner party following the church rehearsal was hosted by Mr. and Mrs. Paul Modre Jr., a brother-in-law and sister of the groom.

For her daughter's wedding, Mrs. Edwards selected a pastel pink gown designed with a scoop neckline and long sleeves with marabou cuffs. Mrs. Bull, the groom's mother, was attired in a long gown of pastel aqua double knit worn with a long sleeved jacket. Both mothers had purse corsages. Mrs. Edwards was made up of burnt orange roses and the groom's mother chose pink roses.

A graduate of South High School, the bride also graduated from Joseph's School of Hair Fashion. She is employed as a stylist at Cut and Curl Salon. The groom was graduated in 1972 from South High School and is currently attending Southern Illinois University at Edwardsville, where he is majoring in music.

After a wedding trip to Vicksburg, Miss., and New Orleans, La., the newweds will reside in Granite City.

## Musical Wednesday at Calvary Baptist

The Heaven's Children's Choir of Calvary Baptist Church will present a musical, "Finders, Keepers," at 7 p.m. Wednesday in the sanctuary of Calvary Baptist, 3000 Washington Ave.

The public is invited to view the program, the Rev. Al Slavter, pastor, said. Choir members are in the third through the sixth grades. The musical will be directed by Rhonda Pinkley, Tana Stamps and Lisa Conner.

## Ancient cloth process revived by art students

A rare cloth-making process used to make clothes and housing for such notables as Genghis Khan is being revived by art students at Southern Illinois University at Edwardsville.

Nationally-known artist Joan Livingstone was invited to SIUE to give a two-day felt-making workshop for university students before she returned to her visiting artist assignment at the Kansas City Art Studio. A graduate of Cranbrook Academy of Art who has a studio in New York City, where

she lives, Miss Livingstone not only lectured SIUE students on the felt-making process but also gave them a chance to make their own felt.

Since students only had two days to make their pieces, most are small but colorful.

Modern felt bears little resemblance to the ancient art form she taught. Her felt-making process allows the artist to have a free rein on the color and density of the felt he or she creates.

Judith Mills, assistant professor in art at SIUE and

head of the fiber department, relates that felt-making is an ancient process developed by the Mongols about the twelfth century. Felling is done by pressing fleece (raw material) in a lengthy, almost forgotten process.

"First, the fleece is carded and then layers of it are put on top of each other. Sometimes, about 30 pads of fleece are used," Professor Mills said.

"The banded pads are wrapped in a piece of cotton cloth. Boiling water is poured over the whole bundle, and it is

completely saturated with liquid soap."

"Finally, there is the process of many hours of beating, rolling and re-rolling the bundle so that it is completely compressed into a fabric of whatever density and hardness the artist wants. This entire process is known as felling."

Prof. Mills explained that artist Livingstone sometimes spends as much as two months preparing fleece for an art object.

The artist describes the pieces she makes from felt as "environmental art pieces" because they are large works constructed with wooden supports and "charged with a kind of electricity."

According to the professor, Miss Livingstone is one of only two artists in the country doing felling.

"Although felling is rare, it is still being done in Siberia, Bolivia and Iran," Prof. Mills said. "However, in Iran where Joan plans to study felt-making with local craftsmen, the government is suppressing it because they think it is backward."

At SIUE, Prof. Mills hopes some of her students have become interested enough in the ancient art form to do some independent study in the process.

She also plans to work on felling for a while, and then incorporate the process into one of her fiber courses.

## Elkettes Christmas party

The Elkettes Christmas dinner party held last week at the Elks Lodge was highlighted with entertainment by the Eagles, Kleenex Bank and the arrival of Santa Claus who distributed gifts to each person.

Members participated in a holiday carol fest, followed by Santa awarding a gift of a diamond ring to Mrs. Erma Buscemi.

President Kathryn Pomeroy welcomed the 76 members at the dinner, served in the rathskeller. Mrs. Julia Barnes, chaplain, gave the blessing.

Wall decorations were in keeping with the holiday season, as were the table appointments. After the business session the colorful wall coverings, made by Mrs. Eupie

Tarris, were awarded to Margaret Wilmzig, Julia Barnes, Wilma Russell, Delores Yates, Helen Green, Ella Wade, Ruth Bischoff and Betty McGinty.

The president introduced two new members, Mrs. Sally Kovak and Mrs. Carolyn Belling, and requested volunteers to serve at the New Year's Eve dance.

Those who will assist at the cocktail table are Charlene Miller, Theresa Harding, Dean Graf, Helen Todoroff, Bonnie Watson, Vesta Campbell, Delores Yates, Ruth Bischoff, Wilma Russell, Roberta Cottrell, Phyllis Grimm, Elmira Trachtel, Margaret Yates and Mrs. Pomeroy.

Mrs. Pomeroy extended

## BURGLARY ON LINCOLN

An \$80 pistol, an amplifier, a projector and a television were stolen from the home of Robert Reeves, 2541 Lincoln Ave., it was reported last week. Reeves said he returned home to find the front door glass broken and the rear door standing open. The house was ransacked.

"Thanks" to the Christmas party committee and introduced them. They included, Bernice Grimm, Helen Bergfield, Eupie Tarris, Theresa Harding, Helen Todoroff, Margaret Wilmzig, Vesta Campbell and Ruth Bischoff.

The next meeting of the group will be held Jan. 6 at the lodge.

# Notre Dame, West quintets defeat South

Coach Bryan Wilkinson's Warrior cagers suffered back-to-back losses, during the weekend, a close 56-50 decision to Quincy Notre Dame here Friday and 74-48 at powerful Belleville West on Saturday.

Quincy held a two-point margin, 12-0, at the end of the first quarter, but five different Warriors scored in the second period for a 31-24 GCHS South halftime lead.

John Slay had nine points, Jim Nolan and Terry Angle each four, and Rick Fancher and Mike McRaven each two points in the second quarter.

"The third quarter was disastrous after we lost Nolan," recalls Coach Wilkinson. The 6-6 senior led the contest with five fouls early in the period, and with a total of eight points.

Quincy held the Warriors to four points in the period while putting 18 on the scoreboard for a 42-35 lead, utilizing effective shooting after stealing several Warrior passes.

South moved the ball well against the visitors in the final period and scored 15 points to

## Close mat meet

Prather Jr. High School and Mascoutah virtually split a wrestling meet at Mascoutah Thursday, each winning six bouts, but the host Indians gained a three-point margin defeating the local Chief matmen, 38-35.

Prather winners were Dan Perkins (119 pounds) on a 21-5 decision, David Barnett (126) on a pin in :26, Mike Steen (135) 1:54, Tom Gibson (155) 2:48, Randy Husar (170) in 1:55 and Heavyweight Ed Snyder in 3:57.

South's scoring with 17 points and Nolan had 12.

"But let's not take anything away from the Maroons," added South's mentor. "They are just plain good and were 'murder' from the free throw line."

West put 25 of 32 charity tosses through the hoop while South scored on 12. Maroon John Harry scored 13 of his 27 points in the contest from the foul line.

Belleville commanded an 11-6 lead going into the second quarter of play, and added 26 points to South's seven for a 37-13 halftime score.

South made a comeback in the third period, scoring 20 points to West's 17 for a 54-33 score. But the Maroons pulled away in the final quarter on 23 points to South's 15.

West made 26 field goals and South 19, and Belleville had the fewest fouls, 23-26.

South committed 27 turnovers to the hosts' 24 and also lost out on the boards, 31-27.

Adding points were Fancher with nine, Rhodes six, and Tom Hennrich with two, plus the scoring of Angle, Nolan and Slay.

# North matmen win 8 meets before losing

Coach Walt Whitaker's Steelers matmen defeated Belleville Althoff 50-4 Friday at Belleville and then competed in a triangle meet at Edwardsville on Saturday.

GCHS North defeated Collinsville 34-15 and the host Tigers 44-19 before having its undefeated streak halted after eight straight meets with a loss to Belleville West, 35-18.

Steelers Chris and Keith Whelan emerged from weekend competition unscathed for the season, each with 9-0 records.

North suffered only one loss in 12 bouts Friday. Jim Shemwell (185 pounds) was decisioned 18-7.

Victorious over Althoff were Chris Whelan (98) on a pin in :40, Keith Whelan (105) 3:54, Dave Futch (112) 2:46, Jim Bledsoe (119) on a 11-2 decision, Charles Taylor (126) 4:0, John Sanders (132) 10:1, Ray Stuart (130) 15-13, Jim Stanton (145) 4-0, Mitch Steen (155) 5-2, Mark Widell (167) 5:36, and Heavyweight Dennis Cuvor by forfeit.

Against Saturday's first two opposing schools (with Collinsville listed first and Edwardsville second, North's Chris Whelan won for forfeit and won in 2:59, Keith Whelan won 9-0 and 1:00, Futch won 3-25 and 4:50, Bledsoe lost 7-2 and won by default and Sands lost 8-5 and won 9-0.

Stuart won 8-6 and 8-5.

Individual trophies will be awarded to players on the championship team. Team

Stanton lost 1-0 and wrestled to a 1-1 draw. Steen lost 12-5 and 19-3, Widell won by forfeit and by 13-1, Shemwell won 9-2 and lost :38, and Cuvor won in 2:15 and lost on a pin in three minutes.

The Steelers gained a 9-0 lead over the West Maroons with wins in the two opening weight classes, Chris Whelan in 1:20 and Keith Whelan in 10-3.

West rallied with wins in the

next eight bouts for a 35-9, insurmountable margin over North High.

The Belleville squad posted victories over Futch 6-4, Bledsoe 4-3, Taylor 17-2, Sands 3-29, Stuart 13-2, Stanton 9-4, Steen 1:57 and Widell 12-0.

Shemwell then earned three team points on a 4-0 decision and Cuvor added six points on a pin in 3:52.

## Men's holiday basketball tourney to start Dec. 29

The Granite City Park District is accepting registration at its Wilson Park office from teams desiring to participate in the park district's annual men's holiday basketball tournament to begin Dec. 29-30 and to conclude Jan. 2, 1976 with the championship contest.

Participation in the single-elimination tournament will be restricted to eight teams which now are competing in the park district's winter basketball league programs.

A \$45 per team fee is required at the time of registration and teams are being accepted on a first-come, first-served basis at the park office, from 9 a.m. to 5 p.m. each day, until the quota is filled.

Individual trophies will be awarded to players on the championship team. Team

## 4th Braves' win

Coolidge Junior High School matmen now have a 4-1 record after winning their fourth straight meet here Thursday, 41-21 over Edwardsville.

Braves winners were Greg Garland (75 pounds) on a pin in 2:46, Paul Willis (82) 1:58, Tom Busch (90) on an 8-5 decision, Phil Beljanski (98) 3:05, Jay Borchers (112) 3:57, Bob Barton (135) 3-2, Tim Wyrostek (170) 5:37 and Heavyweight Scott Polson a 19-3 decision.

Willis, Beljanski and Polson remain undefeated, each with five wins against no losses.

# Steelers rally but edged out by Southeast

GCHS North had the height, but the Springfield Southeast Spartans cagers made up the difference from the floor Saturday night at the Granite City Memorial Gymnasium, outgunning the Steelers 25-22 in field goals in a contest which saw North High come from behind to deadlock the game twice before losing 57-53.

Springfield led 16-8, 28-21 and 44-23 at the quarters, and the intensity of competition is not revealed in the scores.

The Spartans' tallest players are David Morgan, a 6-4 senior, and McKay Smith, a 6-4 junior.

Morgan had been averaging 30 points per game going into the contest for Springfield, which had a 3-1 record. North had a 2-2 mark.

GCHS North's players ranged from Tim Leubmann, a 5-6 senior, to Rick Sparlock, a 6-11 senior.

The Spartans opened the first quarter action with shooting accuracy, connecting with the basket on four of five attempts while North missed four in a row before Jerry Barnett put two points on the board with 3:14 left.

Facing a team which showed quickness, and effective blocking at the boards, North immediately turned its offensive effort to forcing turnovers.

These netted the Steelers two

more field goals and two charity tosses, but the Spartans meanwhile added four more baskets for a 16-8 lead going into the second period.

Springfield's effective blocking near the boards gave it a 10-2 rebound recovery over North in the first period.

The Steelers forced seven Spartan turnovers in the second period. Three of them North converted into field goals to pull within seven points at halftime.

The Steelers later closed the gap to 32-30, with 3:41 remaining in the third period, on charity tosses by Rodney Wortham and Tim Leubmann and a basket by Wortham.

Wortham next stole the ball and passed down court to Barnett for a two-pointer to deadlock the game at 32-32 with 3:19 left in the quarter.

North's hopes of gaining the lead were short-lived however, as the Spartans connected with four straight baskets.

The Steelers failed to score again until Wortham tossed one in from the foul line with 1:32 showing on the clock in the third period.

Tom Schocker, Wortham and Larry Schleicher made good on field goals but two more baskets by the Spartans put the visitors on top 44-39 going into the final period of play.

North, trailing 49-47 midway through the period, again tied the game after Schleicher dashed under the basket from the sideline to intercept a Spartan pass and then fire the length of the court to Barnett for a basket.

Miscues began to dominate the contest. The Spartans tossed in four straight foul shots to pull ahead 53-49 with 2:38 showing on the clock.

Wortham made a field goal, but Spartan Morgan matched it and Bobby Turms sank back-to-back foul shots for a 57-51 lead before Schleicher made a goal with 55 seconds left for the final score.

North held the edge from the foul line, 9-7, and had the fewest turnovers, 9-19. Each side committed 15 fouls.

Springfield pulled down 29 rebounds to North's 23.

Morgan was held to 16 points by North's defense, and Wortham garnered 19 points for North.

Barnett added 12 points, Tom Schocker 10, Schleicher 3, Leubmann four and Sparlock, two.

**CAR STOLEN; FOUND**  
The station wagon of Albert Crumley, 2201 Lynch Ave., stolen from his home before 7:05 a.m. Monday, was recovered later by Madison County sheriff's deputies. It had been in an accident and was wrecked, Crumley was told.

GCHS South's matmen swept to victory in four wrestling meets during the weekend, bringing their record to eight wins against one loss.

The Warriors downed Alton 42-18 Friday at Alton, and then upended East St. Louis 49-9, Mattoon 41-9 and Springfield 47-48-12 in a triangle meet hosted by East St. Louis Saturday.

South jumped to a 12-0 lead at Alton on two pins, Brian Basore (98 pounds) in 35 seconds and Barry Forshee (105) in 29 seconds.

Alton cut South's lead in half with a pin of Tim Tedesco (112) in 1:21 but South added six

points when Alan Schuler (119) pinned his foe in 5:05.

Each team picked up two points when South's Dave Gaines (126) wrestled to a 9-9 draw, but victories in the next four bouts gave the Warriors a 40-8 margin. Glen Moore (132) won on a 11-4 decision, Jim Carmody (138) on a pin in 3:26, Ed Fetter (145) 11-4 and Steve Avedisian (155) in 2:18.

South led the next two matches, John Bogosian (167) 14-5, and Kevin Wilson (185) in 4:25. Warrior Heavyweight Mark Naglich then decided his opponent 4-2.

The Warriors had little difficulty in defeating Saturday's opponents.

Against East St. Louis, Brian Basore (98) lost 5-4, Forshee lost 11-10, Sam Perkins (112) won 5-4, Randy Basore (119) won 8-5, Jay Fedora (126) won in 2:37, Moore won in 4:30, Darrell Hasty (138) won 4-0, Fetter lost 4-3, Avedisian won 8-

0, Bogosian won 8-4, Wilson won 3:55 and Heavyweight Mark Hartman won 2-26.

In downing Mattoon, Wally Deshon (98) lost 11-8, Forshee won 7-5, Perkins won 14-3, Schuler won 10-5, Fedora won 4-3, Moore won 15-3, Carmody won 10-1, Fetter won 5-2, Avedisian won 2-11, Bogosian lost 1-18, Wilson won 12-1 and Naglich won 1-47.

South's win over Springfield saw Brian Basore win in 5:34, Forshee lose 14-1, Perkins win 12-10, Schuler win 1:50, Gaines wrestle to a 4-4 draw, Hasty wrestle to an 8-8 draw, Carmody win 1:38, Fetter win 4:23, Avedisian lose 2-0, Bogosian win 3:05, Wilson win 4-0, and Naglich win with a pin in 40

seconds.

Two Warrior matmen remain undefeated for the season after the weekend competition — Senior Glen Moore with an 8-0 mark and Junior Mark Hartman with a 3-0 record.

## Cage Cougars defeat Murray State, 83-81

The Southern Illinois University at Edwardsville Cougars invaded the Western Kentucky basketball Saturday night and came away with a cliff-hanging 83-81 victory over the Murray State University Racers.

It was the first victory (three losses) for the Cougars and dropped Murray to 2-5. Three of the Murray defeats, were to nationally ranked Kansas, Louisville and Oral Roberts.

The game's outcome came not from the usual towering giants but on a deadly shootout between a pair of SIUE "Davids" — six-footer Bob Herrod and 5-10 Al Hunt — and the Racers' little guard from Indiana, Jeff Hughes.

It was Herrod's marksmanship (12 of 16 game points) that sparked SIUE to its 43-33 halftime lead. And the clutch shooting of Hunt in the last half gave Coach Jim Dudley's five initial victory. Hunt poured through 19 of his 21 points in the final half.

Whatever it was that Murray's young coach, Fred Overton, said to his charges at

the intermission, it was effective, as the Racers ran off 14 straight points before John Strubberg tipped in two points for the Cougars.

By that time, Murray (at 16-35) had regained the lead, 47-45, and things looked bleak for Dudley's charges.

Chief architect of the Murray charge was Hughes, who made his first nine shots.

Then, Dudley called on his fireman, Hunt, and the deadeye shooter from Chicago's Vocational High came through in a style sure to endear him to Northwestern Illinois basketball fans. His scoring included a heart-stopping free throw with just four seconds remaining in the game to assure SIUE of at least a tie.

The twisting and turning Hunt, in his duel with Hughes, made good on nine of eleven shots in the final half.

Terry Fritchard center, Pete Catchings, won his personal duel with Murray's candidate for All-American honors, Jess Williams.

Williams, who led the Cougars at points to Williams' 20 and in the vital last half outscored Williams nine to six.

**HONORARY STICK BOY.** Seven-year-old Richard Lijewski of Granite City is a winner in the National Super Markets' St. Louis Blues hockey team contest. He was honored at a Blues home game against Montreal at the Arena. The boy is shown with his favorite Blues player, Chuck Leyke. "Prizes" included his name in lights on the Arena moving message board, an announcement over the public address system, a program autographed by the Blues players and his picture in the program. In addition, he received presents from National Super Markets and the Blues, including a hockey stick and puck and a Blues pen and pencil set. Richard's parents enjoyed the festivities from box seats. A new honorary stick boy or girl will be chosen for each of the 40 home games. Any child age 7 to 18 can enter, and no purchase is necessary. Details and entry blanks are available at National Super Markets.

## APPARENT EXPLOSION, FIRE INVESTIGATED

An apparent explosion and fire in a two-story dwelling owned by Jim Barton, city leased by Metro-East Postal Service, at 1441 rear Madison Ave., caused an estimated \$200 damage to the building at 7 p.m. Friday.

The cause of the explosion is being investigated by authorities who were at the scene 45 minutes. Arson is suspected due to traces of gasoline at three locations inside the building.

Harry Luciniak, manager of the postal service, reported hearing an explosion and smelling odors of gasoline.

The fire apparently started at the east side of the building near a broken window, at the rear, and by the front door. No injuries were reported.

PRESENTS STOLEN  
Neighbors of the mobile home of Jim Heath Jr., 1204 Rhodes St., reported seeing shadows of someone inside that mobile home at 4:30 a.m. Sunday and called police. Officers found glass in the southeast door had been broken and the home had been entered, but no one was inside. An assortment of Christmas presents was stolen from under the tree. Nothing else was believed missing.

JEWELER'S WINDOW CUT  
A glass cutter was believed used to cut a hole in the front window of Scotty's Jewelry, 1304 Nidderhiser Ave., and to remove three watches worth \$170 from the front window, it was discovered at 6:35 p.m. Sunday. Damage to the window was estimated at \$300.

\$8,000 FIRE LOSS  
A fire of undetermined origin caused an estimated \$5,000 damage to the building and \$1,000 to contents in a dwelling at 221 Washington Ave., at 7:40 a.m. Sunday. It is owned by Bonnie Davis of Edwardsville, and occupied by Fran Utage.

The Illinois Supreme Court on Thursday revised its Nov. 25 ruling on a proposed state civic center in this region but again concluded that a 1975 law creating it is unconstitutional.

## Opposition for circuit clerk post due today

Primary election opposition for the Democratic nomination as circuit clerk of Madison County developed today as the filing period for the March 16 primary neared its end.

James Greene, Democratic County Board member of Edwardsville before the filing period ended at 5 p.m. today. Incumbent Circuit Clerk Willard "Butch" Portell filed as a candidate for re-election last week.

Greene appeared to file his petition this morning, but delayed the action to obtain notarization of several of his petition forms, according to County Clerk Evelyn Bowles. Meanwhile, Gary Novick of Madison filed petitions as a Democratic candidate for County Board in District 25 (Namek). Homer Bothman, incumbent in that district, also will be opposed by Joe Boyer who filed nominating petitions earlier.

Notifications had yet been filed today for nominations on the Republican ticket at the county level. Only one Republican candidate for a County Board seat in the rural area has filed petitions up to this morning, Miss Bowles said.

Petitions have been obtained for county board offices, however, and may be filed later.

## Group helps Public Aid recipients

Madison County Welfare Rights Organization (WRO) is now taking phone calls to help poor people in their dealings with Public Aid. The organization has a desk at the Madison County EOC Tri-Cities Service Center and takes calls there at 431-7824 from 9 a.m. until noon each weekday.

Madison County WRO is a group of citizens that works to insure Public Aid programs are not administered improperly or against the needs of the people.

The organization has a positive influence on public aid policy, evidenced by its successful efforts to get food stamps sold in post offices, and meets monthly with Ted Funkhouser, superintendent of the County Public Aid office, directors of the program stated.

WRO worked hard to get food stamps to be sold in post offices. Many months of petitioning door-to-door, letter writing, requesting donations, attending meetings, and talking to politicians were required in order to attain that objective.

The group is now working on new projects, the directors said. In its monthly meetings with Funkhouser, WRO discusses matters, ranging from general public aid policy to the cases of individual members, they added.

WRO meets every other Thursday at 7:30 p.m. at the EOC Service Center. At the meetings, the group discusses the progress of members' cases. The group can get legal counsel, if necessary. Transportation can be provided. Due to the Christmas holidays, the next meeting will be held Friday, Dec. 16, at 7:30 p.m.

## Most school yule closings Dec. 23

Quad-City public and parochial schools, with one exception, will begin Christmas vacation at the close of classes on Tuesday, Dec. 23. Students will resume regular class hours on Monday, Jan. 5.

The exception is St. Elizabeth Catholic School, Johnson and Ponton Roads, which will dismiss for the Christmas holidays on Friday, Dec. 19.

## Payment scheduled for Horseshoe Lake island

A state check for the purchase of nearly 599 acres of land for the Horseshoe Lake State Park was to be delivered today to Madison County Treasurer George Musso to be distributed to the property-owners and others involved in the acquisition negotiations.

The amount of the check was not disclosed. The purchases include most of the island, known as Listeman Island, which is in the center of the lake.

Payments will be primarily with the Phillip Listeman and Charles Listeman families and the Alton & Southern Railroad, owners of the land. The railroad, which runs across the island, is to relocate its tracks. Also scheduled to be paid is attorney Leo Konzen of Granite City, who served as a special assistant attorney general for the negotiations.

A total of \$2,686,000 has been expended by the Illinois Department of Conservation in land acquisition for the Horseshoe Lake Park, including the island. Another \$1,668,000 remains available for acquisition and an additional \$964,000 is to be appropriated in the 1977-78 fiscal year. Previously published figures on

the amount of money available were in error.

Robert E. Corrigan, chief of the Land Acquisition Division said he feels the appropriations should be sufficient to complete all necessary acquisition by the end of the 1977-78 fiscal year.

Corrigan noted that \$1,492,000 of the funds now available are "carry-over" funds not spent in the past fiscal year and carried over into this fiscal year.

Although the appropriation in this fiscal year was only \$964,000, Corrigan said the amount is appropriate, since most of the land yet to be acquired will be tied up in condemnation suits most of the year.

The acquisition of Listeman Island has allowed the Illinois Department of Conservation to speed up its plans for opening a part of the park for daylight fishing. A date for that partial opening is yet to be announced, but will be as soon as possible, according to a conservation official.

## Dividend doubled at Trust Bank

Granite City Trust and Savings Bank declared an extra dividend at the bank's board of directors regular meeting last week.

Announcement was made by Henry D. Karandjeff, chairman of the board, who said, "This is a specially significant day for two reasons. First, the extra quarterly dividend declared means that all stockholders of record on Dec. 10, 1975, will receive twice the amount of the previous dividend. This double dividend will be paid on Jan. 2, 1976."

"Secondly, today, Dec. 10, marks the 65th anniversary of Granite City Trust's founding in 1910."

"The exceptional growth and success of the bank can be directly attributed to the continued loyalty and support of numerous customers. Many of our present customers represent four generations of Quad-City families. It has been our privilege and pleasure to serve their changing financial needs throughout the past 65 years," Karandjeff concluded.

## THE SCHERMER BULLETIN

Ever since we bought the dressed Chinese Rabbits we have been waiting for a real "German" recipe for this column. Today we have it.

**Steeping Liquid:**  
1 cup vinegar  
1 cup water  
2 cloves  
2 bay leaves  
2 peppercorns  
2 onions, sliced  
salt pepper  
4 tsp. lemon juice  
1 hare or rabbit, cut up  
4 tbs. butter  
4 tbs. flour

**Rabbit Stew (Hasenpfeffer)**  
Cook steeping ingredients together 5 minutes, pour over meat and let soak for 2 days in the refrigerator.  
Fry briefly in butter, with a little onion. Add flour and let brown. Add 1/2 cup of steeping liquid, cover and stew until tender, about 1 1/2 hours. If necessary, replenish liquid. Serves 4.

Here's the best part. A special price for this week . . . only 99¢ per lb. Treat your family to something different.

Bar Association at the request of U.S. Senator Charles Percy, R-Illinois. Other witnesses appearing at Friday's hearing in the U.S. Federal Court at East St. Louis, urged that the Eastern district be made more compact, contiguous and manageable, and that Madison and Bond counties be made part of that district.

It also was suggested that Calhoun, Greene, Jersey, Macoupin and Montgomery counties be attached.

Either way, at least 13 counties would be removed to the northern section and presumably would be attached to the Southern Illinois District at Springfield.

MacKay said following the hearing that "it is clear the Eastern District is a monstrosity" and added that removal of the northern counties "has to be done."

**PICKETING CONTINUES**

Picketing which began Thursday at several area electrical contractor firms by Local 309 of the International Brotherhood of Electrical Workers (IBEW) continued today.

A meeting will be held this afternoon by contractors who are members of the Illinois Chapter of the National Electrical Contractors Association (NECA), currently being picketed by members of Local 309, to discuss the situation.

**JUVENILE BOY CHARGED**

A 14-year-old boy has been arrested by Venice police and charged with stealing the auto of Donald Larkin, 1127 Logan St., Venice, from Larkin's home at 11:20 p.m. Thursday. The boy was arrested at 6:50 p.m. Friday, following an investigation. The same boy was arrested in a stolen car Dec. 2 and faces juvenile court action in both cases.

**Assault charged**

Thomas T. Adams, 41, of 25014 Iowa St., was arrested Sunday night and charged with aggravated assault.

Joseph Rehlek, 1729 Poplar St., said he was visiting a woman at her home in the 1600 block of Olive Street at 9:35 p.m. Sunday when a man called him outside.

Rehlek said when he walked onto the front porch, he saw a man standing outside and pointing a revolver at him. Rehlek ran inside and called police, he said.

Officers arrived and while they were in the home, the telephone rang. An officer answered it and said the man calling, apparently mistaking him for Rehlek, said "What do you think of that? Do I have to come over and make a repeat performance?"

When the officer identified himself, the man hung up, it was reported. The woman whose home Rehlek was visiting said a man had been harassing her for several weeks. Adams later was arrested.

G. H. Sternberg, who will appear on behalf of Southern Illinois construction workers, is heavily on grassroots support. It is important that the room be filled to overflowing Thursday.

Groups favoring Columbia-Waterloo land acquisition also include the Tri-Cities Area and the Chamber of Commerce, the Illinois Metro-East Industrial Development Corp., Downtown St. Louis, Regional Commerce and Growth Association, labor groups, the impact organization, mayors, legislators, state officials and the St. Louis Metropolitan Area Airport Association.

**Drugs seized**

(Continued from Page 1)

Beach, Four village officers and one Madison County sheriff's deputy accompanied the Berkeley officers to the mobile home park.

At first, they knocked on the door to the wrong mobile home, but were told the man they wanted to speak with lived next door.

They then went to the next door unit and the owner answered the knock on the door. He was asked for permission to search the mobile home and reported permission was granted.

They alleged finding 295 hypodermic syringes, 171 packs of cigarettes, an assortment of drugs and some dentist's tools.

Among the drugs were vaccines for measles, mumps and other types of controlled drugs, it was alleged.

The drugs have been taken to the state crime laboratory at Fairview Heights for analysis. Pontoon Beach authorities were to meet with State's Attorney Nicholas G. Bryson today to discuss the filing of charges against the owner of the mobile home.

and keeping our streets safe for our citizens.

"The figures from year to year show that the City of Madison is in the forefront of keeping control of crime," he emphasized.

While 1974 was an unusual year, 1975 statistics showed a lesser crime rate, it was noted.

Statistics for 1975 and 1974, in that order, show 3 murders, 2 rapes, 28-27 robberies, 72-119 assault-battery cases, 206-245 burglaries, 260-287 thefts and 51-62 auto thefts.

Figures used in Dec. 8 and Dec. 11 articles on crime in local municipalities were gained by removing a board over a window at the rear of the store. An inventory is to be taken to determine if anything else was stolen.

The same comparison procedures were followed in the portions dealing with each city's crime rate.

Law enforcement officials have cited the value of statewide and national comparisons. They also point out that all such reports need to be qualified, in that they do not take into account many of the aspects (other than population) of various communities, including whether they are rural or metropolitan.

Mayor Sasik commented that he feels it is important that all such factors be kept in mind.

Raw statistics can inappropriately create an unfavorable image when, factually, a community has effective municipal and police policies and performance, he concluded.

MADISON MAN BEATEN, ROBBED

Clarence Cullen, 24, of 2021 Alton Ave., Madison, was treated at St. Elizabeth Hospital at 2:30 a.m. Friday after, he said, he was beaten by two men with a lead pipe on Interstate 70 near East St. Louis.

He told authorities he stopped to assist two men on the highway after being flagged down by one of the men. The other was on the ground, he said.

When he stopped, both men jumped on him and beat him with a lead pipe. They then took his watch and \$140 and left the scene, authorities were told.

Cullen suffered injuries to his left ribs, left arm and to his jaw. A series of x-rays was taken and he was released.

**PURSE THEFT FAILS**

A purse strap which broke kept a young man from stealing the purse of Mary Barnhart, 1628 Sixth St., Madison, at 21st and State streets at 5:30 p.m. Sunday. The victim said she and a friend were walking when the man ran up behind them and grabbed her purse, dragging her several feet before the strap broke. The young man then fled empty-handed.

**Anita Eftimoff seeks Illinois House position**

Mrs. Anita Kendall Eftimoff, 2800 Michigan Ave., resource teacher at Emerson Grade School, will be a candidate in the Democratic primary election March 16 for state representative in the 56th District.

Her duties at Emerson involve student learning disability, emotional disturbance and social maladjustment.

She is the wife of Vasil Eftimoff, director of pupil personnel services of the Granite City school district.

Their son, Jim, 14, is a sophomore at Granite City High School South.

Her parents, Mr. and Mrs. David H. Kendall, reside in Granite City.

Mrs. Eftimoff plans to emphasize "economy in government" as a campaign issue. She regards her children as helpful to General Assembly service.

Her affiliations include the Council for Exceptional Children, the CEC's Division for

Children with Learning Disabilities, the Association for Children with Learning Disabilities, St. Louis Symphony Women's Association, Mississippi River Festival, Illinois Education Association, American Association of University Women, Minerva Reading Club, Granite City Rotary Club, Gabriel White Shrine, United Presbyterian Church, St. Louis Zoo Association and Missouri Historical Society.

Participating in her first campaign public office, she notes that two of the three St. Clair county state legislators are women.

Attending Granite City High School and Washington University, she has 200 college credit hours. She is a former English teacher at Coolidge Junior High School.

## Approve four use permits

Four requests for special use permits have received the endorsement of the Madison County Zoning Board of Appeals while the board has recommended that two other permit requests be denied.

The zoning group makes recommendations to the Madison County Board which will act on the requests at its meeting Wednesday.

## Band festival discussion

A band festival scheduled in Collinsville during March was a major part of discussion at the regular meeting of the Granite City High School South Band Parents meeting Tuesday.

Kirill Kirchoff, former president of the group, presided in the absence of Cliff Robertson, president.

The next meeting of the South Band Parents will be held at the school on Tuesday, Jan. 13, at 7:30 p.m.

One request which is endorsed by the zoning board is the petition of Ollie Thompson, requesting a special use permit to operate a small engine repair shop known as T & S Small Engine Repair on his property, which is on the first road north of Interstate 270, nine houses west of Route 203. The property is in an R-3 single-family residential district of Chouteau Township.

The board recommends denial of two special use permits for First Granite City Savings and Loan, owner, Richard Jones, contract purchaser, and Bill Goad, occupant of a mobile home, to place a mobile home at 533 Margaret Ave. Mitchell, and to keep two ponies on the property.

It is located in an R-4 single-family residential district of Chouteau Township. The board recommends the county board deny both permits and give Jones until May 1, 1976, to remove the two ponies from the property.

The board recommended the granting of permits to three other persons to place mobile homes on their property.

One is for Fred Hartline to

place a 12 by 60 foot unit at 4121 Division St., which is in an R-3 district of Nameki Township.

Also endorsed is the request of Jonah Young for a permit to continue the placement of a mobile home at 215 Carver St., Eagle Park, in an R-4 district of Nameki Township. The time limit on a previous permit for placement of the home there has expired.

The third permit recommended for approval is to R. B. Moran, owner, and Roger Forshoe, purchaser, to place a 14 by 64 foot unit at 2320 Hildebrand St., Cloverleaf Addition, an R-4 district of Nameki Township.

## JEWELRY JOTTINGS

By RUSS WALKER

Diamonds are "crystalline carbon," formed by fantastic heat and pressure deep in the earth, then trapped in molten lava and erupted to the surface of the earth through "pipes" of diamond-dotted rocks.

A diamond is the "ultimate gift." Who wouldn't thrill to the beauty of this "King of Gems"? Stop in and inspect our selection. We're happy to show it.

## Federal job applications till Dec. 20

Professional and administrative jobs in federal agencies may be sought through University Placement Service at Southern Illinois University at Edwardsville, and the deadline is Dec. 20 to apply for the next examination, according to David Van Horn, director of the Service.

Persons with a college degree or equivalent must pass an examination to be eligible for the jobs. Students who expect to complete their coursework within nine months may also qualify for the test.

The next examination will be given Jan. 17 in Peck Building, room 1315, on the SIUE campus. Applications are available at the University Placement Service and must be received by the St. Louis civil service office no later than Dec. 20.

Career opportunities offered through the test include positions in social services, investigations and law enforcement, and administration and management support. Appointment of writers and editors and positions in activities such as immigration, importing and exporting, regulation of various industries and business, and reviewing claims will also be considered.

Applicants will receive their test results four to six weeks following the examination. Two government representatives from Social Security and Scott Air Force Base will also be present at SIUE on Jan. 13 for interviews. Those interested in speaking to these representatives are to make an appointment at Placement Service.

## Doll entry to national bicentennial contest

Mrs. Margaret Fichte, 2601 Cleveland Blvd., whose entry in Granite City Trust and Savings Bank's eighth annual Doll Dressing Contest was judged best in the Bicentennial category, will be forwarded to national "Dress-A-Doll" headquarters in Minneapolis to participate in a nationwide doll judging contest.

For more than 30 years, banks around the country have participated in a doll dressing contest sponsored by National "Dress-A-Doll." Dolls entered in the contest are given to charitable associations for distribution to needy children at Christmas.

This year, in honor of the nation's 200th birth date, the doll contest was embellished by the addition of a Bicentennial category promoting entrants to design and sew Bicentennial costumes for their entry. Mrs. Fichte was the winner in Granite City Trust and Savings Bank's Bicentennial category. The costume she chose was patterned after a portrait of Angelica Singleton, who married Abraham Van Buren, son of President Van Buren, and became hostess of the White House for President Van Buren, who was a widower. This portrait is on record in the White House and Historic Guide Book.

## Consolidate departments

Consolidation of six departments into three in the School of Business of Southern Illinois University at Edwardsville was authorized Thursday by the SIUE Board of Trustees, subject to approval by the Illinois Board of Higher Education.

University officials said the reorganization will improve program administration and reduce administrative overhead costs.

The consolidation will reduce administrative positions in the business school from 12 to eight and eliminate at least two secretarial positions, permitting reallocation of \$74,500 annually.

business administration and business education will be combined as the department of management, and departments of marketing and management science will be reorganized as the department of marketing and management science.

The seventh department of the School of Business, the department of economics, will remain unchanged.

David J. Werner, dean, said the reorganization will enable faculty to improve program delivery and implementation and will facilitate sharing of faculty between departments.

He said he believes additional cost reductions will be realized because there will be fewer departments to be administered, with a resulting reduction in "paper flow and commodity requirements."

# GSA to counsel on services

The U.S. General Services Administration, business manager of the Federal Government, will have a representative in East St. Louis Tuesday, from 8 a.m. until 3 p.m. in the U.S. Post Office, 750 Missouri Ave., Room 414.

On Wednesday, the GSA representative will be in Springfield at the Federal Building and U.S. Courthouse, 600 East Monroe St., Room 17, from 9 a.m. until 4 p.m.

Forrest W. Brown Jr., business specialist, will counsel all business people who are interested in learning how to do business with GSA and other Federal agencies. Brown will provide information on current business opportunities, how to

get on bidder's mailing lists, how to obtain federal specifications and standards and how to keep informed about bidding opportunities.

GSA annually contracts for more than \$2 billion worth of products and services, including building construction, improvements and maintenance. GSA places special emphasis on assisting small business in obtaining a fair share of these contracts.

No appointments are necessary. For additional information, Quad-Cityans may call (312) 353-5383.

Tucker, 546 Barkley St., Mitchell; Arthur Buente, 2626 State St., Abe Harlow, 2120 Monroe St.; Cora M. Hettich, Caseyville; Mae Warfield, Coffeen, Ill.; Donna Sorlie, 2410 Edison Ave.; Dessie Hays, 2035 Russell Ave.

## Stabbed with ice pick

Bob Price, 18, Ferguson, Mo., was admitted to St. Elizabeth Hospital at 3 a.m. Friday and underwent surgery after having been stabbed in the abdomen with an ice pick during a disturbance in the 2000 block of Washington Avenue.

Police were told a disagreement had started in a tavern and continued to where the stabbing occurred. Officers questioned one suspect, but released him pending further investigation.

## BEWARE OF RACKETS

# Sometimes sweet charity goes sour at Christmas

If you're going to be charitable at Christmas, be careful how you go about it. This is the annual warning of police buncos squads and Better Business Bureaus (BBB) across the land. Their advice stems from long experience with complaints that money intended for the needy wound up with the greedy.

To make sure this doesn't happen to your charitable contributions, police and BBB officials have come up

with a manual of dos and don'ts. They suggest you follow them, especially during the Yule season when con artists are lurking around every corner looking for an easy buck.

Moreover, the list makes a lot of sense for the rest of the year as well, if you're charity-minded.

First of all, the list emphasizes, what you don't know CAN hurt you. Always ask all charity solicitors to show their identification cards and read them carefully. The fine print might tip off a charity racket.

Most communities require solicitors for charitable causes to carry ID cards, issued only after the charity and their connection with it have been investigated.

Next, remember that a ruse by another name is still a con game. Charity "pitches" through the mail, often on ornate letterheads listing the names of prominent people, aren't always legitimate.

If you're not familiar with the organization, better check it out with the proper authorities before you contribute. The U.S. Postal Service is interested, too, for phony charity groups which use the mails to defraud are liable for federal prosecution.

Bureau detail officers especially warn the unsuspecting to be wary of door-to-door salesmen who arrive during the Yule season to sell wares and claim the proceeds will go to charity. Even solicitors wearing so-called "official uniforms" are not always legitimate. It's a wise idea to demand

credentials. Another good idea is to make sure the merchandise is something you actually can use.

Perhaps the phoniest of all Christmas "pitchmen" are the telephone artists, and that's not just a pun. If a charity solicitor calls to make his pitch by phone instead of appearing personally, simply hang up.

Don't fall for the youth-must-be-served gimmick at Christmas time, or any other time, for that matter. Children soliciting for established youth agencies should be accompanied by an adult with a proper identification card.

One of the oldest of Yule rackets is to send a child to the door to make the pitch while the adult waits in the car around the corner.

By now you must have decided that the best way to contribute to charity and know where your contributions are going is to donate through reputable philanthropic organizations well known in the community for many years.

They'll show you where your money goes — how much is earmarked for fund-raising expenses and how much actually reaches the needy.

If you haven't decided to take the latter route, it's time you did.

ADMITTED TO HOSPITAL  
Steven Dodd, 17, of 2139 Dewey Ave., was admitted to St. Elizabeth Hospital at 9:15 p.m. Saturday after being involved in an auto accident. He suffered injuries to his right rib and right arm. A series of x-rays was taken.

## Firefighters training class

Fifteen hours of advanced training for firefighters will be conducted by the University of Illinois at the Fire Department in Troy, Ill., from Jan. 6 to Feb. 3, according to Chief W. J. Eckert, director of firemanship training, U. of I. University Continuing Education.

Five three-hour classes are scheduled. Members of fire departments will be admitted. There are no registration or tuition charges.

William Markgraf, who has passed advanced instructors' courses in firemanship training at the U. of I., will be the teacher.

Additional information about U. of I. Firemanship Training programs may be obtained from Chief Eckert, 1007 W. Nevada, U. of I., Urbana, Ill., 61801.

## Rites Saturday for former GC resident

Funeral services were conducted at 10 a.m. Saturday in Aurora, Calif., for Mrs. Patricia Mary (Scharf) Wetzel, 61, of Aurora, formerly of Granite City.

She died Dec. 10 in Aurora after a long illness.

She is survived by four children and ten grandchildren, all of California; her parents, Mr. and Mrs. W. T. Scharf of Granite City; two sisters, Mrs. Harold E. Springston and Mrs. Glennon T. Moran, both of St. Louis; four brothers, Joseph K. Scharf, Pismo Beach, Calif., William H. Scharf and Richard L. Scharf, both of Granite City, and Robert S. Scharf of St. Louis.

AUTOMOBILE STOLEN  
The 1964 beige Pontiac Tempest two-door coupe of Betty Cook, 1521 Joy Ave., was stolen from 19th and Adams streets, she reported at 4:30 p.m. Friday.

# British health service called critically ill

By VIRGIL PINKLEY

LONDON — Before the United States plunges into a national health scheme or some advanced Socialist medical program we should take a good second look. The national health scheme in Britain has been a failure in many respects. Anticipated expenses have nearly tripled.

Health care in Britain has

gone backward despite success of the British in medical research and their brilliance in new surgical techniques. It was the British who gave us most of the wonder drugs, penicillin, and now Motrin, which is proving so effective in many arthritic cases.

It was a British doctor who perfected the total hip replacement surgery, now practical and successful in America.

But the hospitals in Britain, like many other phases of life here, have been taken over largely by labor unions. The power of the steward, or chaplain, of a hospital union is unbelievable. In the Westminster Hospital, for example, the union determines which patients will be operated on and in which order, regardless of what the medical staff recommends, unless it is an emergency case. In some instances these union heads have put 50 out of 100 recommended operations aside, substituting their own patients. Anyone requiring other than emergency surgery can expect to wait five to seven months.

At one time there were many private rooms in the hospitals and private doctors operating on the staffs. Both the availability and the use of private rooms and private doctors have decreased markedly. There are now only about 4,500 private hospital rooms remaining in the United Kingdom. The effort of the Trade Union Congress and the Labor Party is to level everyone off to the least common denominator. Patients who elect to pay a private physician for their care often incur more than the bill for his services. They may encounter the ostracism of the union-controlled hospital staff, manifested in refusal to administer medications and refusal to serve meals. In these cases the relatives have sometimes been denied the right to bring food in from the outside.

Some of Britain's top doctors have left the country and gone abroad, chiefly to the United States, Canada, Australia and New Zealand.

More and more doctors in Britain are foreign-born and received their training in India, Pakistan and other countries. There are numerous strikes staged by doctors, junior assistants and nurses in protest against conditions existing in the national health scheme or against the low pay and long hours.

The Sunday Telegraph puts it this way, "It takes no expert diagnosis to discover that the National Health Service is in a coma and fading fast. Starved of funds and daily losing its best brains, its morale has never been lower."

## Madison Senior Club elects

Madison Senior Citizens Club re-elected Mrs. Dorothy Bridick as president at a meeting held at the Madison Recreation Center last week.

## Acupuncture explained to Optimist Club

Acupuncture, an Oriental practice of attempting to cure illness by puncturing specific areas of the skin with needles, was explained to the Granite City Optimist Club Tuesday by Dr. E. W. Walton, a Granite City chiropractor. Optimist Ray Henley volunteered to have acupoints attached to his ears, rather than staples which are also used. According to Dr. Walton, the acupoints will assist a wearer in losing weight. Members of the club were reminded that they will ring bells for the Salvation Army Thursday. Dues for the club are being raised from \$2 to \$30 per year. Sister Mary Thomas of St. Elizabeth Hospital will be the guest speaker at next week's meeting. She will explain the general operation of the hospital and answer questions about the hospital operation.

## Paul Mabrey soloist with Bach Society

Paul Mabrey, choir director of Niederrhein United Methodist Church, will be the guest soloist with the Bach Society of St. Louis at Powell Symphony Hall on Wednesday, Dec. 17, Friday, Dec. 19, at 8:30 p.m., and on Dec. 21 at 2 p.m. Mabrey will be the featured soloist in Arthur Honegger's "Christmas Cantata," a work for baritone solo, mixed choir, children's choir and orchestra. Tickets are available at Powell Hall, 718 North Grand Blvd., St. Louis, by calling 1-314-333-2500. Group rates are available through the church office for \$3 and \$4 seats.

## CPA title to James Carlile

A certificate of certified public accountant has been awarded by the University of Illinois to James Clifford Carlile, 2708 Harvey Place, Granite City, who passed the examination in Missouri. The Illinois certificate was awarded on evidence he holds a valid CPA certificate obtained by passing a standard written examination and is qualified in all other respects under Illinois law. Illinois CPA certificates are awarded either through examinations or reciprocity. The University of Illinois has awarded 18,522 CPA certificates since 1903, when it was given the responsibility for examining and certifying accountants.

## Graduates as air policeman

Airman Samuel J. Ronney Jr., son of Mrs. Phyllis Ronney, 1123 St. Thomas, has graduated at Lackland Air Force Base, Tex., from the U.S. Air Force security policeman course conducted by the Air Training Command. The airman, who was trained in security and law enforcement, is being assigned to Vandenberg AFB, Calif., for duty with a unit of the Strategic Air Command. Ronney is a 1972 graduate of Granite City High School. His father, Sam Ronney, lives in Mounds, Okla. The airman's wife, Pamela, is the daughter of Mrs. Norma Maddox, 2733 Princeton Drive. Mrs. Ronney's father, Dusan Gagich, also lives in Granite City.

## Bay View hears organ program

Robert Hutcheson, organist at St. Peter Evangelical United Church of Christ, presented a program of biennial music at a meeting on Thursday of the Bay View Reading Club.

He also spoke on the history of organ music since 1776 and played several selections. After the program the members were served tea and refreshments by the hostess, Mrs. Russell Johnson in her home, 2166 Woodlawn Ave.

Also members of the Christmas committee were Mesdames E. M. Aronovitz, Dorothy McCauley, H. P. Reuss and Arthur Roman. Guests attending were Mrs. Helene Kettelhut and Mabel Davidson.

## Yule dinner at Rowden home

Mrs. Vivian Rowden, 1608 Lindell Blvd., was hostess to the Mothers Study Club Christmas dinner Thursday evening. After dinner, Mrs. Helen Ann McGarrahan read "The Strangest Man That Ever Lived," followed by games. Those winning prizes were Mrs. McGarrahan, Mrs. Lorraine Paladino and Mrs. Peggy Crnkovich.

As the gifts were opened, names of secret pals were revealed. Others present were Mesdames Helen Toncorff, Marie Planitz, Chris Stark, Delores Harizal, Dorothy Bridick, Frances Lutz, Marian Ropac.

## Christmas party for Logan students

The annual Christmas party for pupils at Logan School will be held at 7 p.m. Thursday, according to the PTA president, Robert Filer. Filer reported prizes will be awarded to the top salesmen in a candy sale project of the PTA, followed by a visit from Santa Claus who will present gifts and candy to the children. All parents are invited to attend, the president said.

## Coolidge Band concert Thursday

The Coolidge Junior High School Band will present its annual Christmas concert at 8 p.m. Thursday in the Granite City High School South Auditorium. Admission is free and the public is invited. The band, under the direction of Miss Elsie Mayhail, will play a variety of both standard and seasonal selections. Special features will include four small instrumental groups.

## Training class in January

Under current state of Illinois requirements, a person who is interested in becoming a real estate salesman in the state of Illinois must complete a 30-hour basic real estate transactions course from an approved school in order to be eligible to take the state real estate salesman's license examination.

D. Ann McClain, director of training and administration, Real Estate Education Co., has released the schedule of classes to meet these requirements.

## Venice man says he was robbed of \$65 by two men

David Martin, 404 Weaver St., Venice, told Venice police at 4:40 p.m. Friday that two men forced him to cash a \$60 check and had kept all but \$5 of the money.

Martin said he was chopping wood at the side of his house when two men walked up and asked him for \$3. He told them he did not have \$3 and invited them to search his upstairs apartment, he reported.

The men followed him upstairs and when they could find no money, one man grabbed Martin's ax and chopped a table in the apartment, it was alleged.

One robber then held Martin while the other searched his pockets, finding a bank book containing a money order for \$90, police were told. Martin said the men forced him to accompany them to the home of Baucum Market, 1001 Logan St., Venice, where Martin was ordered to cash the money order.

They accompanied him back to his house where they took all but \$5 of the money, he said. Martin said when he tried to leave his apartment, one man swung at him with the hatchet. He ran for the stairs and fell down the steps to escape, he said. Unable to find assistance at a nearby pool hall, he went to a friend's home, the friend refused to call police, but agreed to speak to the men. Martin said he was then returned with \$20, which the robbers had given him, he said, and gave the \$20 to Martin.

Martin then walked to the home of Venice Policeman James Bennett and police were called. The two suspects were located a short time later and asked an officer if police were looking for them.

They were questioned about the missing \$65 and denied the allegations. They were released pending review of the case by the Madison County State Attorney's Office, officers said.

nounce that we will begin January classes in 13 different locations throughout the state," McClain said. "One of these classes will be held in Collinsville beginning Jan. 7, 1976, at 7 p.m."

The course, approved by both the Department of Registration and Education and the Illinois Office of Education, consists of 30 classroom hours of training in compliance with the state requirements. Of the students of Real Estate Education Co., who successfully complete this course, 92 per cent have passed the state licensing examination.

The class will be held at the Round Table Motor Lodge, Hwy. 157 at I-70, on Wednesdays from 7 to 10 p.m. The instructor is Attorney Joseph Kelleher.

For additional information and counseling, Quad-Cityans may call Toll Free at (800) 972-8393. Students can enroll over the telephone, receive counseling on how to enter the real estate field, and receive referrals to prospective sponsoring brokers.

## Brothers charged after accident

Gerald D. Ishum, 19, of Steelville, Mo., was injured when his car went out of control in the 2300 block of Independence Drive at 3:10 a.m. Sunday and struck a utility pole. He was charged with reckless driving.

He was taken by ambulance to St. Elizabeth Hospital where he refused treatment. His brother, Dwayne Ishum, 19, also of Steelville, came to the hospital's emergency room, and it was alleged Dwayne caused a disturbance which interfered with personnel treating patients. Dwayne was arrested and was charged with disorderly conduct.

### Civic center plan is valid and needs to be kept alive

Many of those who opposed the establishment of a civic center in this region have spoken out following the adverse Illinois Supreme Court ruling to voice happiness over the decision and to urge that the whole idea be dropped.

This is unfortunate because the project can be of immense benefit and because it clearly had the backing of the legislative majorities as well as the governor.

Resort to new General Assembly action not only involves long delay but also imperils the success of the effort; it is hard enough to enact a new law having to do it twice with differing sets of legislators. There is always a changeover in Assembly membership, and new proposals constantly emerge to compete with pending projects.

What still is true is that the center if built near Southern Illinois University at Edwardsville has a genuine prospect of achieving "break-even" financial status,

since the university could and would rent it for perhaps 50 per cent to 60 per cent of the time. As is illustrated by the current St. Louis Arena financial distress, regular tenancy is a vital ingredient.

For the remaining 40 to 50 per cent of the days each year, the exposition and performing arts center could be used in a variety of ways, including the attraction of Illinois regional and state conferences that often have to be held in other states due to lack of suitable facilities.

Initial funding under the plan for this, the state's No. 2 population center, matches that utilized by the state for McCormick Place in Chicago, the No. 1 concentration of people in the state.

The new civic center offers such enormous potential for a positive contribution to this area and state that it must be kept in the forefront of local and state discussion and action.

### Constructive assessment action by Assembly, governor

Comment by Taxpayers' Federation of Illinois — A new law, House Bill 990, establishes the assessment and equalization level of property for taxation purposes at 33 and one-third per cent (formerly 50 per cent).

This action of passing the bill and signing it is an example of how the General Assembly and the governor should work together to solve a problem.

In a suit decided earlier this year, the Illinois Supreme Court (Hamer V. Lehnhansen, 60 Ill. 2d 400) said that the persistent disregard of the law as far as different assessment and equalization practices in the counties were concerned will not be permitted to continue.

The court further said it is appropriate that the Circuit Court of Lake County retain jurisdiction for such further proceedings as may be instituted to insure that the Illinois Department of Local Government Affairs performs its statutory duties.

The joint Senate-House Property Tax Study Committee, chaired by Senator Terrell

Clarke, saw the problem and recommended House Bill 990. The General Assembly members were cognizant of the fact that in 69 counties property taxes could go up tremendously if the old 50 per cent level were mandated in one year, so the lawmakers saw the wisdom of passing a bill that gave counties under 33 and one-third per cent a three-year period to reach that level.

They also saw the wisdom of giving counties over 33 and one-third per cent three years to come down to this level, but guaranteed the taxing districts in such counties the assessment base they had in 1974, plus the value of added property. Governor Walker signed the bill to protect the most harassed group in society today, the property taxpayers.

Senate Bill 716, which removes Illinois from the Multi-State Tax Compact, also was signed by the governor. This action will aid Illinois in competing with other industrial states in obtaining new industry and the expansion of present industry.

## FREE SAFETY Prevent holiday tragedies

Don't let the cheer and joy of Christmas turn to tragedy. That's the warning firemen everywhere are giving Americans as the Yule season approaches.

What they mean is this: don't let your Christmas tree turn into a firebrand that could set the house on fire.

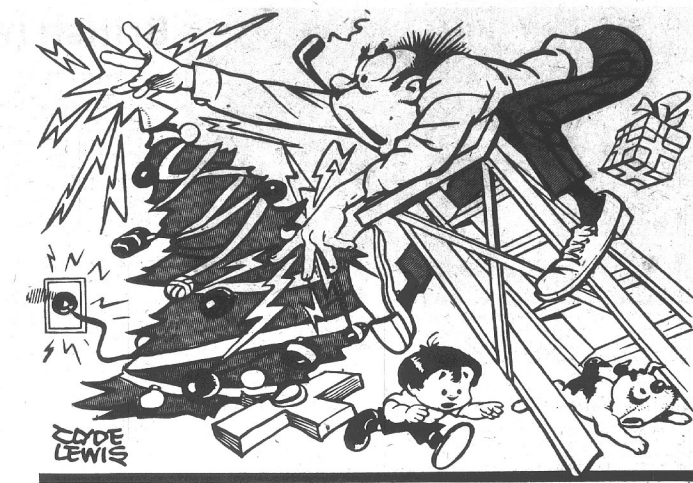

Each year fire fighters issue this warning, yet they report that every Christmas brings an increase in the number of fires caused by Yule trees and other flammable decorations.

Fire safety experts say metal trees are the most desirable, since they're non-combustible. And of course they're economical. Yet even these trees have their drawbacks. There is a potential danger of electric shock if strings of lights are used on metallic trees, firemen warn.

For example, if sharp metal edges or tips come in contact with broken bulbs or terminal openings of lamp holders, the Christmas tree suddenly can become electrically charged and dangerous.

Ideally, firemen say, metallic trees should be illuminated by remotely located spotlights. But of course this can be expensive. So the next best thing to do is overcautious about how you decorate the metallic tree.

Fire safety officials also

advise tree buyers to require evidence that plastic or metallic trees are made of materials that burn slowly or not at all.

Don't buy a larger tree than you need, they caution, for a Christmas tree essentially is fuel and excessive fuel anywhere is dangerous.

Be on the lookout for trees processed with a flame-retardant chemical, firemen suggest. They're far less hazardous, even when they begin to wilt and dry.

Fire fighters in most communities have a checklist of dos and don'ts for selecting Christmas trees and ornaments. Here are some of them.

— Place the tree as far from a heat source as you can. And don't put it near a doorway or exit door, where a draft could feed any blaze.

— Impose a "no smoking" rule around the tree, and let your family and friends know about it if you don't want to post a sign.

Figure out how you would douse a fire ahead of time, so that if one should start you'll be able to act quickly.

— Don't use old-fashioned candles like grandma did on or near the tree.

— Tell the kiddies not to operate their electric trains, motors or other toys using electrical current under the tree. An electrical spark can touch off a fire.

— Check Christmas lights for frayed wiring, loose con-

nections and broken or damaged sockets. Any of these could trigger a blaze if they aren't repaired or discarded.

— Use a 15-ampere circuit for current to operate Christmas displays. That will minimize the danger of fire from electricity.

These and other rules are valuable, firemen say, but they add that plain common sense is perhaps the best safety insurance of all, at Christmas time and the rest of the year as well.

## Questions, answers on Venice election

Authority to increase the Venice district's school education fund tax rate ceiling by 60 cents per \$100 assessment—from \$2.05 to \$2.65—will be held in a special election Saturday.

Following is a listing of related questions and answers prepared by officials of Venice School District Three:

Why is this tax increase necessary?  
Stated simply, the district's operating expenses have exceeded its income from taxes and other sources for the past five years.

Two factors are primarily responsible:

- (1) Steadily increasing costs for salaries, supplies, equipment, etc.
- (2) A continued drop in the district's assessed valuation over the past ten years.

Why does it cost more to educate a child in Venice than it does in Madison?

Any small school that pays competitive salaries to its employees will have a higher cost of operation than a larger

school.

We are required by law and by the North Central Association to offer certain courses to meet their requirements.

In a school our size, this means that in some cases a teacher will have classes of two to 10 students.

Also, our district furnishes free textbooks. This is an expense of \$10,000 to \$14,000 per year.

Do we need all of the teachers, administrators, aides, librarians, cooks, etc., employed by District 3?

The Board of Education could easily determine that we need heavy reductions in staff. In fact, this has been done.

The question that must be answered is what effect will heavy reductions have on the education of district children.

Three years ago, the board voted to eliminate band, music and art from the school curriculum.

Many people felt their children were "short-changed" when these programs were

eliminated and, as a result, band and vocal music were partially restored.

Should people who don't own property be allowed to vote in an election to increase taxes?

If the answer to this was NO, one might then ask "Should people who don't have children be allowed to vote in elections pertaining to the school?"

The answer to both questions is that the U.S. Constitution guarantees the right to vote to all persons.

What has the Board of Education done to reduce expenses?

Over the past seven years, District 3 has reduced the teaching and administrative staff by 14 teachers and one administrator at a saving of \$100,455.

Other reductions in working hours, transfers to reimbursable programs, money spent for supplies, etc., have resulted in an additional \$25,545 for total reductions in excess of \$125,000.

Most of this has occurred in the past three years—\$38,000 this year.

If the referendum fails, will Venice merge with another district, close down, or what?

The Board of Education has no plans to merge with another district.

It should be clear to all, however, that we can no longer pay to operate schools in Venice, merger becomes one of the options.

It is said also be obvious that if we do not have money to pay our staff, buy books and materials, etc., the schools will have to close.

What will happen if the referendum fails this time?

The Board of Education will have to consider several possibilities:

- (1) Submit the referendum to the voters again.
- (2) Consider more cutbacks in programs and/or personnel.
- (3) Make plans for closing the school.
- (4) Discuss the possibility of a merger.

How much will the 60 cent increase cost the average

homeowner?

The average assessment for homes in the Venice District is between \$3,000 and \$6,000.

This means that a 60 cent increase will cost the average homeowner between \$18 and \$36 per year, or about 5 cents to 10 cents a day.

Does the operation of the Lincoln Technical Center cost the district taxpayers any money?

The Lincoln Technical Center is supported entirely with state and federal funds. No local tax monies are involved.

The really serious questions are:

- A. How long can the schools stay open if the referendum fails?
- B. Do you want your children to be able to continue their education in the Venice District?
- C. If you move from Venice to another district, will your school taxes be less? Nine of 12 districts in Madison County already have a higher school tax rate than Venice.

## A bit late to scold the UN

By JEFFREY ST. JOHN  
NEW YORK — "The United States will not acquiesce in the face of this action," asserted U.S. Ambassador Daniel Patrick Moynihan of the U.N. General Assembly's "observed" resolution. "What we have here is a political lie."

In the wake of the Nov. 10 U.N. action branding Zionism as racism, congressional supporters of the world organization were under intense pressure to retaliate by cutting off U.S. funds to the U.N. (The United States now pays 11 per cent of the world organization's annual budget.)

"As one who has been a diligent supporter of the U.N. since its founding," observed Sen. Jacob Javits, R-N.Y., in the wake of the anti-Zionist vote, "I am continually hard pressed to continue my support for the United Nations. Is this what the American people are being asked to give their tax dollars to support?"

Since its founding in 1945 a good many Americans have asked this same question. Some even insist that the U.N. was founded on a massive delusion, if not a political lie. During the last two decades we have seen the world organization become a catalyst for nationalistic conflict. Branding Zionism as racism is a case in point.

It was, for example, the U.N. that helped bring the state of Israel into being.

It was the U.N. that sought to deal with the displaced Palestinians in U.N.-created

refugee camps that spawned Arab retaliatory raids on Jewish settlements like the Palestine Liberation Organization. It was the world organization that promoted Third World countries as U.N. members, which have since combined with the Communist nations to manipulate and control the U.N. for political purposes at the expense of Western nations like the United States.

And, it was the United States and the U.N. that sanctioned in 1973 a 10-year program against racism that was originally aimed at white South Africa. Cleverly and characteristically, Russia and Cuba used the U.N. anti-racism program to bring to the General Assembly the anti-Zionist resolution.

Cuba's aim is to attack the United States on the issue of "liberating" Puerto Rico. In backing the Arabs on the anti-Zionist resolution, Cuba hopes to gain Arab support for an armed liberation struggle against the Caribbean island of Cuba.

It is, therefore, a little late for Washington lawmakers to begin expressing alarm over actions of the United Nations. In the last 30 years the world organization has been used as a propaganda weapon against the West and particularly the United States.

The anti-Zionist resolution is but the latest of a long series of resolutions that have been passed against the West and particularly the United States.

Javits, turned a deaf ear to those who argued that the United States has a dangerous diplomatic dead end.

The United States has made matters worse in two major ways. First, it has sought to pursue better relations with Russia, China and Cuba while all three have consistently used the world organization to vilify this nation. In contrast, U.S. conduct toward non-Communist nations has driven such countries to side with the enemies of America. The case of Chile is one example. Since the Marxist government was overthrown in Chile by the military, the State Department has been less than courageous in the face of a worldwide propaganda campaign against the United States.

In the wake of the voting on the issue, a high U.S. official with the U.N. charged that "Chile sold its votes to the Arabs" and "propaganda was official expressed bitterness that many Latin nations voted for the resolution."

The U.N. resolution equating Zionism with racism may be a "political lie," but it represents only the latest in a long line of falsehoods fostered by the world organization since its founding.

Globe-Democrat — In the rush to create a welfare state, Congress has created 236 new federal departments, agencies or bureaus in the last 15 years, while disbanding only 21.

Virtually every one of the new agencies has been authorized by statute to issue regulations that have the force of law.

By now hundreds of thousands of regulations have been promulgated by agency heads acting on their own.

Businessmen and others covered by this blizzard of edicts from Washington bureaucrats must obey them all, no matter how costly and impractical they are, or risk heavy fines and prison terms.

In the last 12 months this outpouring of regulations from Washington has filled 45,000 pages of the Federal Register, the official government publication.

Owners and managers of companies are required to read and obey every regulation that affects their business every week.

If they fail to keep up with this massive regulatory flow or overlook one or more of these edicts, this is not accepted as an excuse by federal inspectors who may come unannounced to see if regulations of their particular agency are being "observed."

At least count there were 100,000 federal agents at work

writing and enforcing regulations.

To keep from being hit with heavy fines and going to prison, business executives have been required to hire batteries of clerical personnel and lawyers to make certain they are in full compliance.

The clerical staff must keep up-to-date on regulations, correspondence, sales, and anything that federal inspectors might need to confirm that they are complying with the Niagara of regulations.

Lawyers are needed to study the laws upon which the rules are based and to advise owners and managers what they must do or not do to comply with laws and their attached regulations.

In addition to this, businesses are required to fill out a myriad of forms to prove their compliance.

A Senate committee found the federal government was using 5,288 forms in 1973. By now this number must have grown by at least 10 to 20 per cent.

The burden that this mountain of regulations is piling on American business is almost beyond calculation.

Murray L. Weidenbaum, in his study "Government-Mandated Price Increases," estimated that federally-mandated pollution controls and safety devices cost American car buyers an extra

\$3 billion for their automobiles in 1974.

And this is only one industry. The cost of these federal controls and mandated product improvements must range into the tens of billions of dollars every year.

This thicket of red tape has to be adding very significantly to the inflation that has plagued the nation in recent years.

A local chemical company estimates that almost 30 per cent of its new employees in recent years have been hired to cope with federal regulations.

It is hard to put a precise dollar figure on how much complying with federal regulations adds to the payroll but a company official estimates it runs into the "hundreds of thousands of dollars every year."

Federal regulations are so restrictive that when a customer recently ordered \$10 worth of a chemical, the company could not fill it for fear of violating an edict from the Food and Drug Administration.

The company wrote to the man asking him to place the order, "What was the range of an 18th Century musket ball?"

He also assured the company he knew how to handle the chemical safely and would absolve the company of any

liability in the event of an accident.

After another exchange of letters, the chemical company asked its legal counsel to determine if the chemical could be sold without exposing the company to federal prosecution. The attorney advised that it couldn't sell the chemical.

The reason: It was feared that the sale could possibly put the company in violation of the Federal Food, Drug and Cosmetic Act.

The attorney said it would require considerable research to determine if such a sale could put the company in violation of packaging and labeling regulations that have been made under this act.

The company therefore had spent about \$500 in time and effort in an unsuccessful attempt to complete a \$10 sale. This is the sad state of business in the United States under what amounts to a bureaucratic dictatorship.

This crushing load of regulations and the threat of a federal "raid" from any one of a myriad of agencies at any time is making it almost impossible for many businesses to operate in an efficient manner.

These billions of dollars of added costs have to be passed on to buyers. In return for a minimal amount of protection and a tremendous amount of over-protection, consumers pay much higher prices for

products.

Bureau and agency regulation drafters literally have become a fourth branch of government.

Congress has given them the power of kings — to issue decrees that have the power of federal law. The lords and masters of all the businesses they surround.

If a businessman cares to challenge one of their indictments, he can do so at a cost of millions of dollars and many years of his time.

Congress also has arranged things so that it is in the interest of these new rulers to issue as many regulations as they can possibly think up. For, as C. Northcote Parkinson might have put it, regulations expand to fill the paper available.

What should be done? Congress should stop the process of the Federal Register and repeal the authority of federal agencies to make regulations.

There now are countless absurd, costly and unnecessary restrictions. There are so many regulations that if Congress didn't approve a single new one for 10 years there would still be far too many.

Congress doesn't act; citizens should support candidates who will take away this menacing power from the fourth branch of government that threatens to turn this country into a police state.

## Venice school tax needs explained

Two Venice residents last week were present at a special public meeting to hear further information regarding the Venice School District's need for more funds to operate the schools.

Additional monies will be sought through a Saturday, Dec. 20, referendum to increase the education fund tax rate by 60 cents per \$100 assessed valuation.

## Maragides in Demo race for state's attorney

Steve Maragides, Madison attorney, a former assistant state's attorney and assistant attorney general, has announced his candidacy for the Democratic nomination for state's attorney of Madison County.

In declaring his candidacy, Maragides charged that the incumbent state's attorney is "unable to cope with the pressures of that position."

A native of Granite City, Maragides was reared in Madison and attended Madison public schools. He is a graduate of the Northwestern University School of Journalism and the University of Illinois College of Law. He served in the U.S. Navy for three years as a communications watch officer, and as a defense counsel in naval courts-martial.

Since being admitted to the Illinois bar, Maragides has represented the state of Illinois in workmen's compensation matters as a special assistant attorney general, and he has handled juvenile court matters as an assistant state's attorney in Madison County.

Maragides criticized incumbent State's Attorney Nicholas G. Byron, stating, "The state's attorney's office has been in a state of chaos due to constant policy changes, made without proper factual

A simple majority is needed to approve the 60 cents tax rate hike which will raise the district's educational fund to \$2.65 per \$100 assessed valuation.

The Dec. 20 referendum will be the fifth attempt in 2½ years to raise the current rate. Four previous efforts have failed.

Last week's public hearing was arranged by the Venice Board of Education and district administrators to afford Venice residents an opportunity to further explore the reasons behind the school district's dismal financial outlook.

Steadily increasing costs for salaries, supplies, equipment and other operating necessities, together with a continuing drop in the district's assessed valuation over the past 10 years, are the primary factors responsible.

"One of the two people at the meeting was a new resident in the community, Sup. Robert N. Vickers said. "He hasn't any

children in school, as yet, but is the father of a 3-year-old. He had read the article in the paper about the meeting and decided to come and try to learn more about our financial picture," the superintendent said.

No organized opposition to the tax rate referendum is apparent at the present time, Vickers said.

Venue voters will cast ballots Saturday, Dec. 20, from noon until 7 p.m. at two polling places—Venice School gymnasium and Eagle Park Improvement Association building in Eagle Park Acres.

Of all the passers who have ever played pro football, which one had the best percentage of completed passes in a season? ... Record is held by Sammy Baugh, who in 1945, completed 70% of his throws ... No other regular pro passer has ever topped that.

Oddly enough, here's a football question that looks easy, but it's surprising how few fans — even the real good ones — can answer it ... Try it on your friends and see ... The question is this: Everybody knows a football field is 100 yards long from goal line to goal line — but, do you know how wide a football field is? ... A football field is 160 feet or 53 1/3 yards wide.

Ever wonder where the tradition started of having a band at football games? ... It was at Notre Dame, which was the first college in America to have a band ... Their band first marched at a football game in 1888 ... They really started something, didn't they?

I bet you didn't know ... Mathews Chevrolet wants your business.

The frontier heritage that shaped our country is still very much with us. This heritage affects many aspects of our culture — art, literature, architecture, even how we use the land itself. **Notices 30**

NOTICE OF HEARING on  
 proposed zoning change.  
 Notice is hereby given to all  
 parties concerned, that pursuant  
 to Article 22 of the Ordinance No.  
 1755 of the City of Granite  
 City, Illinois, the City Planning  
 Commission will hold a public  
 hearing in the City Council  
 Room in the City Hall of said  
 City of Granite City, Illinois, at  
 11:00 a.m. on the 15th day of  
 January, 1976, at which meeting  
 it will consider a petition for the  
 amendment of Ordinance No. 1755,  
 (being the Zoning Ordinance of  
 said City), as same affects the  
 following described real estate, to-wit:  
 East 1/2 of Lot 23 and all of Lot 24  
 in Block 2, Maryland Place  
 Subdivision, located in the  
 Southwest Quarter Section 3  
 Township 3 Range 9 South of the  
 Third Principal Meridian accord-  
 ing to the Plat Book in the County  
 of Madison, State of Illinois. Said  
 amendment would change the zoning  
 classification from R-2 to R-1.  
 The real estate immediately  
 above-described from an R-2  
 District to a Special Use Permit.  
 This property is also known as  
 221 Pontoon. Floor Shop.  
 Robert W. Trobaugh,  
 Petitioner. 30 12 15

**NOTICE OF PUBLIC HEARING 32**

1. Notice is hereby given that  
 a public hearing will be held on  
 the Bi-State Development  
 Agency at St. Louis University  
 (in its Busch Memorial Student  
 Center, Grand and Laclede,  
 St. Louis, Missouri) at 7:30 p.m.  
 on January 21, 1976 and at East  
 St. Louis Senior High (in its  
 auditorium) 4901 State Street,  
 East St. Louis, Illinois: 7:30  
 p.m. on January 22nd, 1976 for  
 the purpose of considering a  
 project for which financial  
 assistance is being sought from  
 the Urban Mass Transportation  
 Administration, pursuant to the  
 Urban Mass Transportation Act  
 of 1964, as amended, and the  
 Illinois Division of Public  
 Transportation, pursuant to the  
 provisions of Illinois Revised  
 Statutes (1975) Chapter 127,  
 Section 49.1b, (6) and (10) as  
 amended, generally described as  
 follows:

A. Purchase of 200 new  
 diesel transit buses and spare  
 parts, 400 new transit radios  
 and stationery equipment, 50  
 passenger shelters with  
 benches, shop and office  
 equipment, a new vehicle  
 collection system, and 10  
 utility vehicles.

1. The project is to be used  
 in the Bi-State Transit area,  
 including the City of St. Louis,  
 St. Louis and St. Charles  
 Counties in Missouri and in  
 Madison County, Illinois.

2. The project is estimated to  
 cost \$21,102,000.  
 3. The project is estimated to  
 be financed by 90 percent of  
 the cost of the project cost  
 (\$18,991,800) is being  
 guaranteed by the local financ-  
 ing source of \$4,220,536 to be  
 provided by Bi-State capital  
 funds and by a grant of  
 \$2,889,664 from the State of  
 Missouri, under provisions of  
 Public Act 77-153.

6. No persons, families, or  
 businesses will be displaced by  
 the project.

c. This project will have no  
 adverse environmental effect  
 upon the urban area.

d. This project is in con-  
 formance with com-  
 prehensive land use and  
 transportation planning for  
 this area, and is consistent  
 with the Bi-State Develop-  
 ment Agency's "Program"  
 adopted by the East-West  
 Gateway Coordinating  
 Council and the Bi-State  
 Development Agency.

e. Elderly and Handicapped.  
 In the design of new  
 facilities and equipment, the  
 Agency will make every ef-  
 fort to insure that the elderly  
 and handicapped will be able  
 to use the facilities as much as  
 possible.

11. At the hearings, which  
 are being held in accordance  
 with the requirements of the  
 Urban Mass Transportation Act  
 of 1964, as amended, the Bi-  
 State Development Agency will  
 listen to any testimony of in-  
 terested persons or agencies to  
 be heard with respect to the  
 economic and environmen-  
 tal aspects of the project. Inter-  
 ested parties may submit orally  
 or in writing evidence and  
 testimony to the project.

12. Copies of the Federal  
 and Illinois Grant Applications  
 incorporated as part of the  
 Madison County County Develop-  
 ment Block Grant Program of  
 the region is available for public  
 inspection at the Department  
 of Housing and Urban

IN THE CIRCUIT COURT  
 OF THE  
 THIRD JUDICIAL CIRCUIT  
 MADISON COUNTY  
 Notice of Sale of Real  
 Estate Tax or Special  
 Assessments; and Notice of  
 Filing Petition for Order to  
 Issue Tax Deeds  
 James D. GREEN and  
 SHIRLEY GREEN  
 You and each of you are  
 hereby notified that on the 10th  
 day of December, 1975, the  
 Circuit Court of Madison  
 County, Illinois entered a  
 judgment and order of sale (No.  
 971) upon delinquent lands and  
 lots, and fixed the correct  
 amount of tax paid under  
 protest in the County of Madison  
 and State of Illinois for the year  
 1972; that the undersigned, as  
 purchaser or assignee of the  
 purchaser, on the 10th day of  
 December, 1975, was ordered  
 in said proceedings which  
 sale was held by the  
 County Clerk of said County  
 on the 10th day of Decem-  
 ber, 1975, to sell the land in  
 the Court House in the City of  
 Edwardsville, in the County of  
 Madison, State of Illinois, the  
 purchased said delinquent land  
 and lots for the taxes, interest,  
 penalties and costs due and  
 owing to said County of Mad-  
 ison County, Illinois, in said  
 case sale for delinquent special  
 assessments also add the  
 following and for special  
 assessments for the year 1972  
 (In case sale was (1) only for  
 special assessments or (2) was  
 only for taxes strike out  
 reference to whichever may  
 be inapplicable); And that such  
 delinquent lands and lots so  
 ordered to be sold are particu-  
 larly described as follows:  
 Lot 24 Fourth Addition to  
 Lakeshire, a subdivision in  
 part of the northeast quarter  
 of Section 36, Township 3 N.,  
 Range 9 West of the Third  
 Principal Meridian, Madison  
 County, Illinois.

Such real estate so purchased  
 was last taxed in the name of  
 J. D. Green and Shirley Green.  
 The time for redemption of said  
 real estate will expire on the  
 10th day of April, 1976.

Under the provisions of the  
 Act of December 1975, the  
 undersigned filed a petition in  
 the Circuit Court of Madison  
 County, Illinois in the name of  
 the Madison County Board of  
 Supervisors, to set aside the  
 aforesaid judgment and order  
 of sale was entered. Said  
 judgment and order of sale  
 entered on the 10th day of  
 December, 1975, for an order  
 directing the County Clerk to  
 issue a tax deed to the under-  
 signed if the real estate shall  
 not be redeemed from the sale.

## Interim operating structure approved

An interim operational organization developed for the business affairs of Southern Illinois University at Edwardsville by President John S. Rendleman was ratified Thursday by the SIU Board of Trustees, meeting at Carbondale.

## Health care instruction

The master of business administration degree program at Southern Illinois University at Edwardsville has been extended to include a specialization in health care management, in action Thursday by the SIU Board of Trustees.

University officials said no new degree title, certificate or program is created by the action. Funding for the new specialization will come from reallocation of resources within the School of Business.

The action will be reported as an informational item to the Illinois Board of Higher Education.

The specialization was developed in response to increasing need for health care management personnel with business and public policy training.

Officials said health care is the largest single industry in the United States, and employment in the field has more than doubled in recent years.

Greatest employment increases in the field have been in non-physician, allied health personnel. Expansion in the field is generating a need for programs to train personnel in program and facilities administration, and health organization management, university officials said.

Hearings before the U.S. Senate Committee on Health and before the House Committee on Ways and Means have consistently noted that an inadequate supply of trained administrators is one of the most critical problems in the health field.

Objectives of the specialization will include: "Enabling the student to develop a comprehensive understanding of health care systems; acquiring an understanding of managerial principles, techniques, tools and methodologies needed by a health care executive; familiarization with legal and legislative constraints affecting the health field; and providing opportunities for the student to apply this knowledge in real-world situations."

Thursday by the SIU Board of Trustees, meeting at Carbondale.

The president explained that the announced reorganization of the business affairs area, including appointment of a vice-president for administration, is proceeding more slowly than he had anticipated. The interim organization will be implemented effective Dec. 16 to function until the appointment of a vice-president for administration.

In the interim organization, Arnold Franke, formerly assistant vice-president for service operations will become director of business services, with partial assignment as director of labor relations.

He will be responsible for auxiliary services; health services; housing; micro records; personnel office; procurement, storage and supply; radiological safety control; risk management; security; University Center; and University graphics and publications.

Charles Moorehead, formerly assistant vice-president for plant operations, will be redesignated director of physical plant and be responsible for the physical plant operations as presently constituted.

James Metcalf will continue as controller and budget director, with responsibility for units presently assigned, and in addition, direct payroll, disbursements and bursar's office operations.

The president said the three officers will report directly to him but also will meet regularly to coordinate total operations within the business affairs area.

Robert Murray, formerly assistant vice-president for fiscal operations, will be redesignated assistant to the director of business services, with primary interim responsibility for coordinating the occupancy of the two new classroom-office buildings.

B. D. Hudgens, who has been reassigned as assistant professor in the School of Business, will continue to function as vice-president for business affairs until Dec. 16.

## Unusual 'loot'

Burglars who looted a parked car at the Wagon Wheel Truck Stop on Route 162 east of Nameoki Road about 9:20 a.m. Wednesday are going to find their "loot" difficult to sell. Taken were 150 sets of false teeth plates valued at \$1 each. Also taken was a \$55 cassette tape player.

## The Way It Was - In 1775

December 8—Massachusetts House of Representatives appoints a committee to assist the disabled soldiers injured in battles at Lexington, Concord and Bunker Hill.

December 8—The British lose 62 soldiers at the Battle of Great Bridge in Virginia, causing Lord Dunmore to give up all hope of defending his stronghold at Norfolk.

December 10—A British raid leaves a large number of houses in flames and several hundred militiamen dead or wounded as well as household goods stolen in Jamestown, R. I.

December 11—The British House of Commons passes the Prohibitory Act by a vote of 112 to 16 in an attempt to stop all trade to the United States.

December 12—Benjamin Franklin writes, "I am very old, and can scarcely hope to see the event of this great contest, but I see a powerful dominion growing up here."

December 13—The Massachusetts Council orders the seizure of the estates of all loyalists who had taken refuge in Boston or already fled to England.

December 14—The Colonial forces enter Norfolk this evening and meet with very little resistance, as Lord Dunmore and the British forces had already fled.

December 15—A new Marine Committee created by the Continental Congress sets out "to devise ways and means for furnishing these Colonies with a naval armament."

## Prison term for Reisinger

Charles Reisinger, 30, of the 1700 block of Kennedy Drive, Madison, has been sentenced in Madison County Circuit Court to serve one to three years in prison after pleading guilty to unlawful delivery of a controlled substance.

Reisinger was among 22 persons arrested in September in connection with an Illinois Bureau of Investigation undercover investigation in which drugs allegedly were purchased by agents.

## BURGLARY ON OLIVE

A \$10 bill was all believed stolen during a burglary at the home of Harry Chronister, 1627 Olive St., it was reported to police last week. Glass in a rear door was broken to gain entry. The money was taken from a jewelry box in the front bedroom. Nothing else was disturbed.

## Children's Yule party, programs at GC library

The Granite City Public Library's Christmas program for children will feature Skinny Stroud's One-man Circus on Saturday, Dec. 20, at 2 p.m. at the Niedringhaus United Methodist Church across from the library.

Magic tricks, puppets, riding a unicycle, jokes and juggling are among his talents, and children will be delighted by a life-size puppet, possibly the only one of its kind, according to Susan Rardin, children's librarian.

In addition, Skinny Stroud (Fred Cockrell) will lead a sing-along Christmas Carol. All children have been invited to attend.

## Kinder cites wide legal experience

Norman H. Kinder Jr., assistant clerk of the Third Judicial Circuit, is stressing his view that judges should be politically independent and chosen by voters.

The Granite City attorney, 40, is opposing Judge Horace Calvo in the March 16 Democratic primary.

Kinder was reared in Madison and graduated from Madison High School in 1954, after which he entered St. Louis University where he received a bachelor's degree in political science and his law degree in 1963.

Kinder, upon graduation from college, served for one year as a law clerk for Judge Omer Poos, in United States District Court at Springfield. He then was associated with the law firm of Pope and Driemeyer in East St. Louis.

In January 1966, he became a partner in the law firm of Chapman, Strawn and Kinder of Granite City where he remained until April 1971 when he joined his brother William Kinder and Leon Scroggins to establish the firm of Kinder, Scroggins and Kinder, with which he currently is associated.

Kinder is former president of the Tri-Cities Bar Association and currently a member of the Judiciary Committee of the Madison County Bar Association. Other professional memberships include Illinois Bar Association, American Bar Association, Illinois Trial Lawyers' Association and the American Trial Lawyers' Association.

Active in Quad-City civic affairs, Kinder is a member of the executive board of the Calhoun Iron Council, Boy Scouts of America, and on the Scout council's Exploring

committee. He is a member of the advisory committee of the Granite City School District, and a member of the education committee of the Tri-Cities Area Chamber of Commerce.

Kinder formerly was Eastern Seal Society chairman and active with the Parents Committee for Special Education. He, his wife, Norma, and son, Norman, are active in the Nameoki United Methodist Church, where he formerly served as finance chairman and member of the church's administrative board.

Kinder currently is president of the Granite City Breakfast Kiwanis Club.

ONE-MAN CIRCUS will entertain youngsters at the Granite City Public Library's annual Christmas program Dec. 20 at 2 p.m. Fred Cockrell, professionally known as "Skinny Stroud" will perform with his puppets and a program of magic tricks, jokes and juggling. Cockrell travels extensively with his One-Man Circus to entertain children.

## Using energy wisely\* is everybody's business

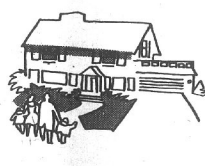

### \*be wise when you buy a home

When you're house-hunting, it's smart to check on how efficient your new home will be in using energy. For instance, is the insulation up to today's standards?

Are there storm doors and windows? Are doors and windows caulked and weatherstripped?

Is there an attic exhaust fan? These features mean the home will use energy wisely... and provide more comfort. An energy-wise home is a good investment in your future.

At Illinois Power, the people who provide energy are investing in your future too. We're investing the millions of dollars it takes to provide new energy resources for the future—just as we have in the past to make sure that you have ample energy today. And we're investing in equipment to maintain the energy systems that serve you—to assure power you can depend on.
